

Comprehensive Tasks and Bugs

I printed out everything I have sent in PDFs along with three emails that we've exchanged about changes. This document should include everything that we've talked about, including today's conversation about the completed tasks...

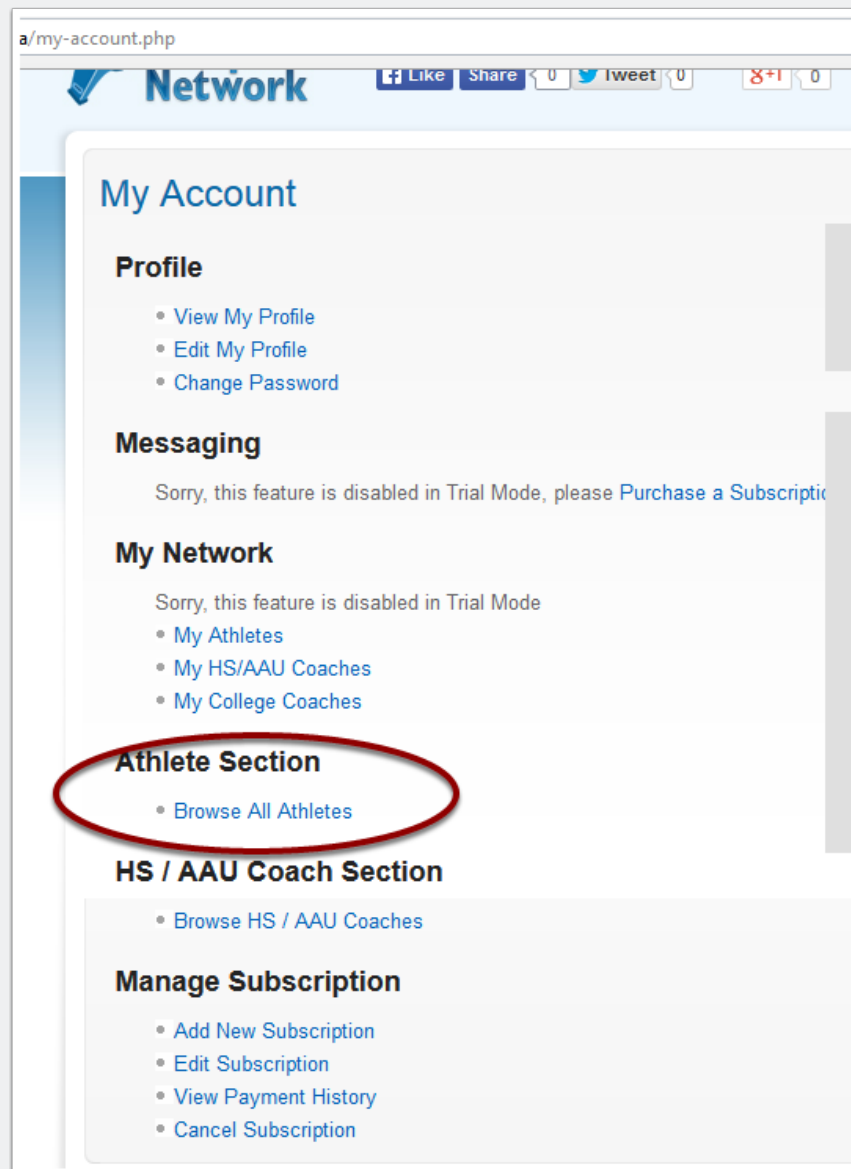

Please let me know when the Athlete Approval issues mentioned below are resolved and I will restart the testing. I am trying to go through all of the tasks and create a final list so that we know everything is addressed and that we're not forgetting anything.

**** Today: Stats Query**

I am having trouble finding something that matches what I have in mind, but the old version of the site worked pretty well. Basically all of the stats that we have as fields for the players and/or coaches to input after a game/event is completed - ie. points, rebounds, steals for basketball and passing yards, tackles, interceptions, etc. for football - should be searchable. In order for them to be searchable, everything has to be calculated. Then the College Coach user can search by minimum points per game, rebounds per game, and all other potential categories. It would be similar to the advanced search on AdventureLink that you mentioned.

** I am not still not seeing an option to search for athletes, so I cannot get to the proper page to test this feature.

Comprehensive Tasks and Bugs

** Today: You May Also Like

You were spot on with the e-commerce comparison. And here is another example...

Comprehensive Tasks and Bugs

** Same issue as above. I cannot get into the Search page.

The screenshot shows a web browser with multiple tabs open. The active tab is titled "De'Aaron Fox, PG - Katy, I...". The address bar shows the URL "https://future150.com/hs/basketball-profiles/deaaron-fox-pg-2016". The page content includes a sidebar on the left with a "THIS PAGE IS SAFE" indicator and social media sharing options. The main content area features a "STRENGTHS" section with a list of skills, a "NEEDS TO IMPROVE" section with a "Sign up here" button, "Scout's Notes" describing the player's performance at the EYBL Peach Jam, "College Projection" listing a "High-Major", "Complete Rankings" showing a "Player Grade: 99 (5-Star)", "Skills Review" with ratings for Shooting, Dribbling, Passing, Rebounding, and Intangibles, and a "STATS:" section with a table header. A red oval highlights the "SIMILAR POINT GUARDS" section, which lists five players: Derryck Thornton, Jaylen Fisher, Kobi Simmons, Payton Pritchard, and Dennis Smith Jr.

STRENGTHS

- Athleticism
- Ball-Handling
- Lateral Quickness
- Making Correct Passes
- On-Ball Defense
- Playing Above The Rim
- Size For Position
- Ability To Create Plays
- Feel For The Game

NEEDS TO IMPROVE

Become a Future150 member to view. **Membership is Free!**

Already a member? Login now.

Scout's Notes:

EYBL Peach Jam (July 16th-20th, 2014): De'Aaron is a super long lefty who can flat out score the ball. He is quick off the dribble and knows how to get in the lane and cause problems for the defense whether it be scoring or dropping assists to teammates. He has a good mid-range jumper and is a good ball handler. He is extremely smooth and has a great feel for the game.

College Projection:

- High-Major

Complete Rankings:

- Player Grade: 99 (5-Star)
- National Rank: 8
- Position Rank: 2
- State Rank: 1

Skills Review:

- Shooting: Excellent
- Dribbling: Good
- Passing: Good
- Rebounding: Average
- Intangibles: Excellent

STATS:

Year:	Points:	Rebounds:	Assists:	Steals:	Blocks:	Turnovers:
-------	---------	-----------	----------	---------	---------	------------

SIMILAR POINT GUARDS

- Derryck Thornton, PG - Semi Valley, CA (2016)
- Jaylen Fisher, PG - Arlington, TN (2016)
- Kobi Simmons, PG - Alpharetta, GA (2016)
- Payton Pritchard, PG - West Linn, OR (2016)
- Dennis Smith Jr., PG - Fayetteville, NC (2016)

[submit information about De'Aaron Fox](#)

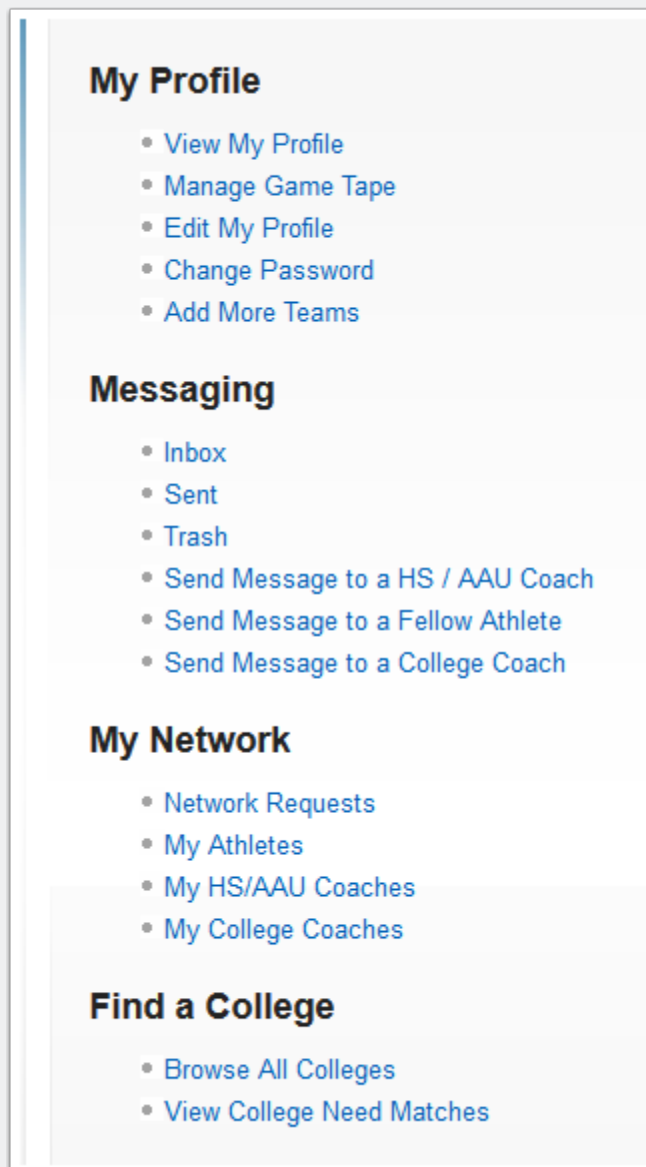

Comprehensive Tasks and Bugs

**** Today: Multiple Coaches**

I can't really think of a possible screen shot that would apply here, but basically the player can play for two or three completely different teams. All of the coaches who match those teams and sports should be tied to the athlete without the athlete having to create a new profile for each. For example, last year Leon Gilmore attended Manvel HS, played local tournaments with Houston Clippers, and played national tournaments with Houston Hoops. If he was on our site that would mean Coach Greg Devers (Manvel), Coach Jason Pillow (Clippers), Coach David Bosley (Clippers) and Coach Charlie Hurd (Hoops) would all be his coaches at the same time. However, only one of them would have needed to approve him for the site. So say Coach Pillow signs up for the Houston Clippers and approves Leon. Then a few weeks later Coach Devers joins and the system sees that he matches Leon's sport (Basketball - Men's) and high school (Manvel) then he should be given the option to add himself to Leon's profile.

** I don't see that this has been added on the athlete side nor the coach side. Please advise if I am missing it.

Comprehensive Tasks and Bugs

**** Most Recent Email: Question 1**

Yes, the "Other Athletes You May Like" feature, it would be perfect to place that under the results table.

Comprehensive Tasks and Bugs

** Same as above. No access to the Search page.

Comprehensive Tasks and Bugs

**** Most Recent Email: Question #1.A.**

The location of the name search the Athlete's Name is perfect where it is. I was asking for clarification for the user as to whether they are searching by first name or last name or full name. I like the way the results table is setup now, but there are a few minor issues. I'll address that in the next line, but I was asking to see First Name:

_____ Last Name: _____ as two options, rather than simply "Athlete Name:". I feel like users will be confused as to what they are supposed to input.

Was that your question? Or were you only asking about the location of the name bar?

** Same issue. Can't access Search page to test.

** Most Recent Email: Question 1.B.

If your question was about the results table, this is very close to what I had in mind. However, there are a few minor things.

Comprehensive Tasks and Bugs

1. The spaces between the city and comma should be fixed. It doesn't look professional this way.
 2. The "School" category should say something like, "School and/or AAU Team". Can we do something like shrink the text in this box so that multiple schools/teams will fit when needed? They should be displayed in separate rows so the text will need to large enough to be read, but small enough to fit the name of the school/team in one line.
 3. What is the Stars category? I am not sure exactly where this data is coming from. Was this created by the previous developer?
 4. How is this data being organized? I can't see any discernable rhyme or reason to the order of results. Maybe in order of when they registered for the site? I think they should be organized by the "Stars" category, but that should come from the rating we and the coaches give the kid.
 5. Multiple sports should not appear here. It should only be the sport for which the College user performing the search has a subscription.
- ** Same issue. Can't access Search.

Comprehensive Tasks and Bugs

** Pending: Scouting Reports

I see that you have added these reports, but we will need to talk about the formatting and the best/easiest to integrate these reports and manage the information. We may need Adam for that though.

** I see that this is being worked on currently. Looks like we're off to the right start, as long as I can name the files, rather than just saying "Download".

** Pending: Sports Available in Search

In the Admin panel you will see that College user "NCAA" is only registered for one sport, which is Basketball - Men's. However, in the search the user is able to toggle

Comprehensive Tasks and Bugs

between all three sports. This should not be the case. Each subscription is specific to on sport unless this user pays for multiple sports.

** Sae as above. Cannot access Search page to test.

The screenshot shows the 'Athlete Search' page on the College Prospect Network website. The page is designed for users to input athlete information. A red circle highlights the 'Sport' dropdown menu, which is currently open, showing options: 'Select Sport', 'Basketball - Womens', 'Basketball - Mens', and 'Football'. Other sections include 'Basic Details' (Athlete Name), 'Athletic Stats' (40-yard Dash, Shuttle Run, Vertical Jump, Bench Press, Squat Max), 'Athletic Points and Intangible Ratings' (Points, Ratings), 'Academic Stats' (GPA, SAT Score, ACT Score, Class Rank, Intended Major), 'Stats Category' (Stats Category), and 'Location' (HS/AAU Team, State). The page also features a 'Welcome NCAA' message and a 'My Account' link.

Comprehensive Tasks and Bugs

Pending: Alerts for Incomplete Actions

Though I have multiple email addresses registered with all user types, I have not received any alert emails or alerts when I log in that things in my profile need to be completed. You can see by the screen shot below that the Athlete test profile I am using most frequently has several things needing to be completed, but there are no alerts.

The screenshot displays the 'Athlete Profile' page for user 'dec23test' on the College Prospect Network. The profile is titled 'Dec 23 - #000'. Several sections are highlighted with red circles to indicate incomplete information:

- Athletic Stats:** A large red circle highlights the entire section, which lists various statistics like Sport, Class, Height, Weight, etc., all marked as 'N/A'.
- Basketball - Womens Stats Summary:** A red circle highlights the message 'Athlete has not entered any stats'.
- Academic Stats:** A red circle highlights the section showing GPA, SAT Score, ACT Score, etc., all marked as 'N/A'.
- Game Film:** A red circle highlights the message 'User has not added any videos yet'.
- Athlete Bio:** A red circle highlights the 'Athlete Bio' section, which is currently empty.

Other visible sections include 'HS / AAU Coach Quick Glance', 'Profile Viewed', 'Comments', 'Upcoming Games', and 'Advertisement'. The user's username 'dec23test' is visible in the top right corner.

Pending: Remove Past Graduaes from Standard Search

In the 10/19 list (Task #9) I asked that any graduated athletes be removed from the standard search results on September 1 of the same year. For example, Athletes who graduate this year should remain active in the standard search up until September 1, 2015. Then they should be grouped with Athletes who graduated in 2011, 2012, 2013, and 2014. User may have the option to select which of these classes they would like to include. Maybe they want 2014 only or maybe they want 2012 and 2014 for some reason. Any graduating classes older tha 4 yars back do not need to be included.

I do't know how this should work, but the older classes definitely need to managed and the standard shouldno longer include them on September 1.

Adam, please advise.

Comprehensive Tasks and Bugs

The screenshot shows the 'Athlete Search' form on the College Prospect Network website. The form is divided into several sections: 'Basic Details', 'Athletic Stats', 'Athletic Points and Intangible Ratings', 'Academic Stats', 'Stats Category', and 'Location'. Annotations are present: a red circle with the number '1' is around the 'Division' dropdown menu; a red circle with the number '2' is around the 'Height' dropdown menu; a red circle with the number '3' is around the 'Include Post-Graduating Classes' checkbox. The 'Athletic Stats' section includes fields for Sport, Graduating Class, Division, Height, Weight, Wingspan, Sport Position, 40-yard Dash, Shuttle Run, Vertical Jump, Bench Press, and Squat Max. The 'Academic Stats' section includes fields for GPA, SAT Score, ACT Score, Class Rank, and Intended Major. The 'Stats Category' section includes a field for Stats Category. The 'Location' section includes fields for HSAAU Team and State. The form is set against a blue background with the College Prospect Network logo and navigation links at the top.

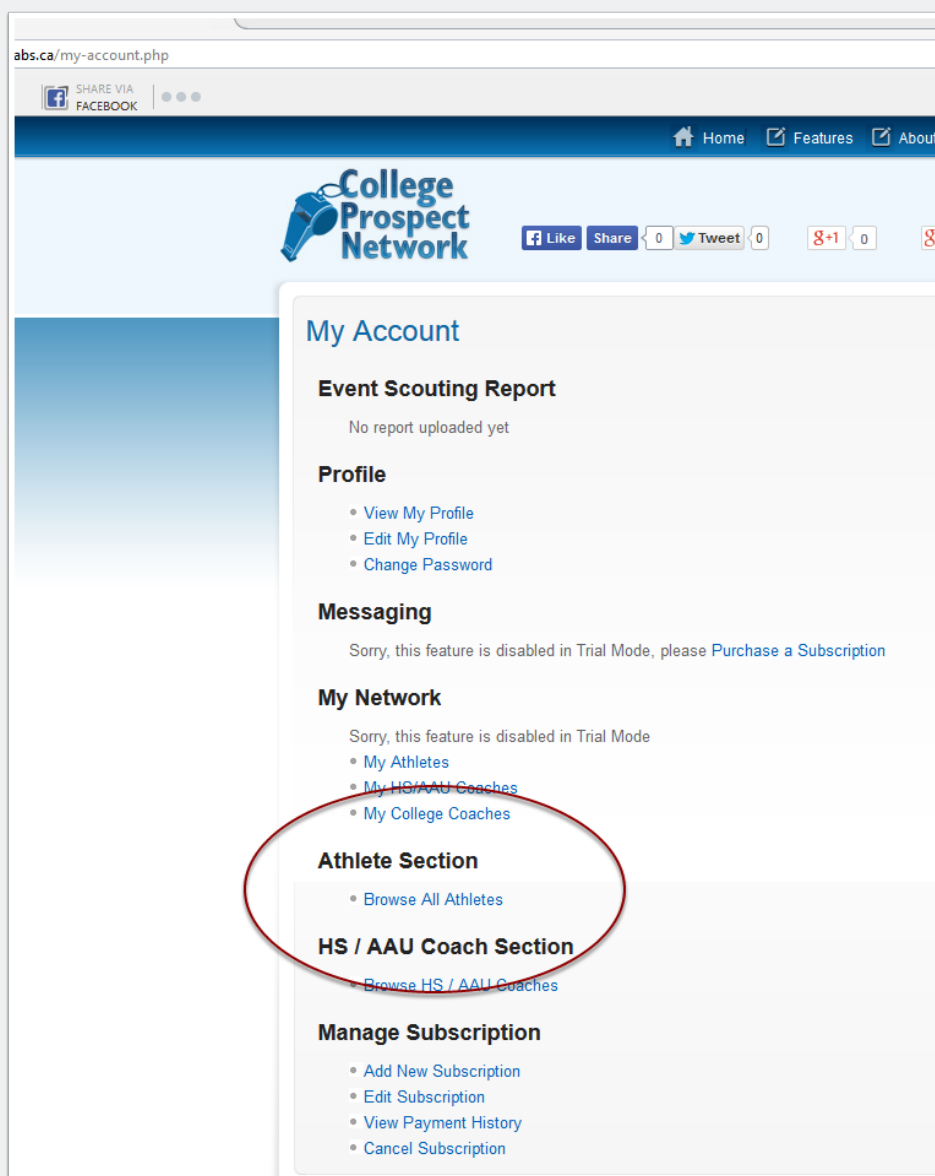

Pending: Share Stats, Videos to Other Sites

Can we all agree that this can wait for Phase 2 of development, as it is not a bug and not a priority at this time?

Comprehensive Tasks and Bugs

Pending: Wingspan

I think I remember the Wingspan search field being added, but I can't double check because the Search feature is not available right now. I'm assuming you're working on it.

Comprehensive Tasks and Bugs

Clarification Question: Username Availability

I just checked to see if the system would allow me to use the same username for a different user type. I am using "january 10" for both the Athlete and the HS Coach that I am testing today, and it is allowing me to do that. Is that okay? That is not going to cause any issues down the line?

Comprehensive Tasks and Bugs

New: Punctuation

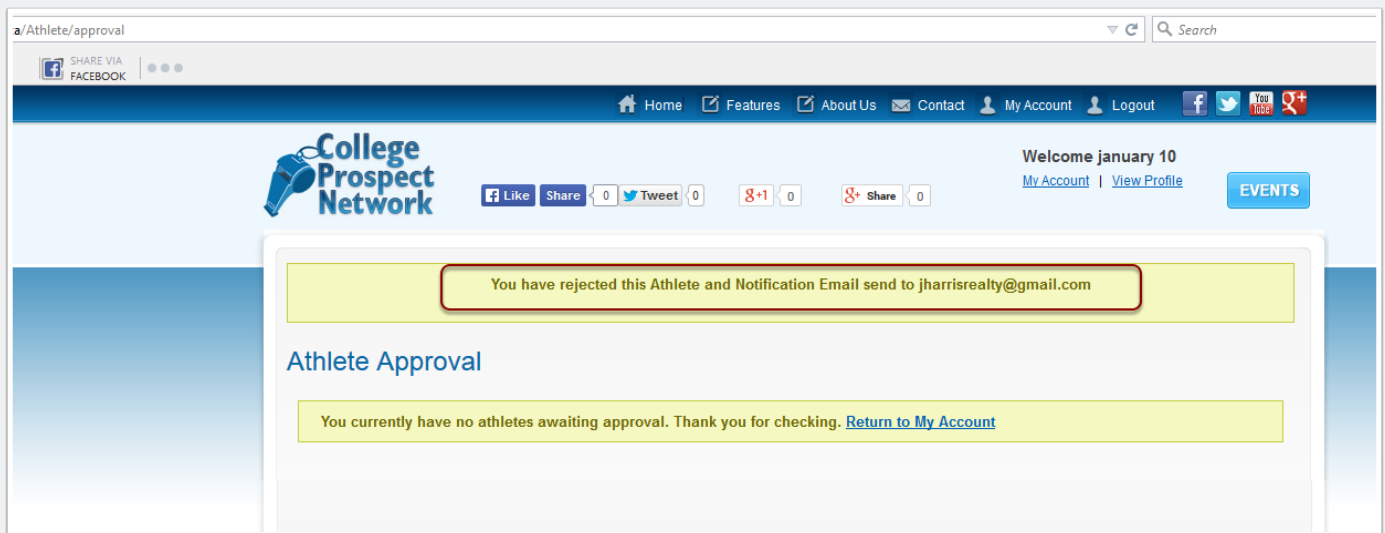

If we could add a period or exclamation here that would be great. It's the HS Coach welcome page after I created a new profile.

Comprehensive Tasks and Bugs

Pending: Rejection Page Text

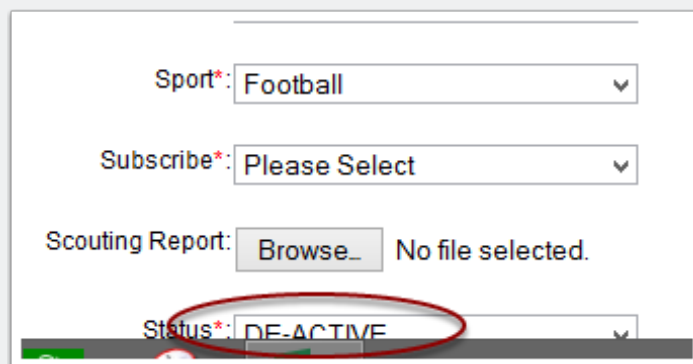

You changed the text on the pop-up text box for the Athlete rejection, but the page still needs to be cleaned up a little. It should read, "You have successfully rejected this athlete's application. He/she will be notified that CPN is not accepting the application. There will be no mention of your involvement in the decision."

Comprehensive Tasks and Bugs

Pending: "De-Active" Status for College Users

Is this referring to the subscription? I need some clarification here as to whether that is the case. Adam may need to advise on the best solution to handle inactive subscriptions instead of "de-activating" a college user.

The screenshot shows a web form with the following fields:

- Sport*:** A dropdown menu with "Football" selected.
- Subscribe*:** A dropdown menu with "Please Select" selected.
- Scouting Report:** A text input field with a "Browse_" button and the text "No file selected."
- Status*:** A dropdown menu with "DE-ACTIVE" selected. This field is circled in red.

Comprehensive Tasks and Bugs

Pending: College User Registration

I am not sure what is going on here, but I cannot register a new college user successfully. It will not take me to any other page. It just shows the error message in the top left without any further explanation of which field I am missing or what I need to do to complete the process.

The screenshot shows a web browser window with multiple tabs. The active tab is titled "College Coach Registration" and the address bar shows the URL "collegeprospectnetwork.growtubs.ca/register-college-coach.php". The page features a registration form for a college coach. The form includes fields for "Alternate Email", "Phone", "Alternate Phone", "State" (set to Texas), "College" (set to "Add your college"), "College Name" (set to "St Thomas University"), "Address" (set to "3800 Montrose Blvd"), "City" (set to "Houston"), "Zip Code" (set to "77006"), "Sport" (set to "Basketball - Mens"), "Sport Division" (set to "NAIA"), and "Job Position" (set to "Head Coach"). Below these fields are "Enter your Security Question" (set to "What is the date?") and "Enter your Security Answer" (set to "January 10"). A CAPTCHA image with the text "kcquL" is displayed, followed by a "Code" field containing "kcquL". At the bottom of the form are "Register" and "Back" buttons. In the top left corner of the page, there is a red-bordered error message box that says "Please select an item in the list." with a red arrow pointing to it. The browser's taskbar at the bottom shows various application icons and the system clock indicating 5:45 PM on 1/10/2015.

Please select an item in the list.

Comprehensive Tasks and Bugs

Pending: College User Registration

The alternate fields should not be mandatory. The main info will suffice here.

The screenshot shows a web browser window with the address bar displaying 'college-coach.php'. The page has a sidebar on the left with a 'SHARE VIA' section and a 'FACEBOOK' link. The main content area contains a registration form. The form fields are as follows:

- Password:** [Redacted]
- Confirm Password:** [Redacted] *
- First Name:** January *
- Last Name:** College Test *
- Email:** debrajharris1214@hotmail.com *
- Alternate Email:** thefather34@hotmail.com *
- Phone:** 8324394858 *
- Alternate Phone:** 8322830513 *
- State:** Texas *
- College:** Add your college *
- College Name:** St Thomas University
- Address:** 3800 Montrose Blvd

The 'Alternate Email' and 'Alternate Phone' fields are circled in red, indicating they are the focus of the pending task. Each field has a small blue asterisk (*) next to it, suggesting they are mandatory.

Pending: College User Registration

On 11/24 the successful registration was taking me straight to the subscription page instead of the My Account page. I can't test whether that is still happening because of

Comprehensive Tasks and Bugs

the aforementioned registration pages issues, so I will list it as pending even though it may be fixed.

Comprehensive Tasks and Bugs

Pending: Profile Layouts

I may need some advice on this, but my request is that the profiles for each user has a set layout that does not change regardless of whether they have filled out all information. For example, the large white space in the screen shot below does not look good. I would prefer for each text/data box to have a set size and shape and for the data inside the box to fit to the shape.

Comprehensive Tasks and Bugs

Pending: Profile Layouts Example

This may not be the best example, but hopefully it will work. On Facebook there is information that I have not filled out, but the space is still there with some placeholder text until I do complete the field.

The image shows a mockup of a user profile layout. It features a header section titled 'ABOUT YOU' with a placeholder text: 'All I ever wanted was to pick apart the day, put the pieces back together my way.' Below this is a section titled 'OTHER NAMES' with a placeholder text: '+ Add a nickname, a birth name...'. Further down is a section titled 'FAVORITE QUOTES' with a placeholder text: '+ Add your favorite quotations'. A red rectangular box highlights the 'OTHER NAMES' and 'FAVORITE QUOTES' sections, indicating a specific area of interest or a bug.

Comprehensive Tasks and Bugs

New: Add "es" to Opposing Coaches Comments

On the Athlete profile page, this should be "Comments from Opposing Coaches:"

The screenshot shows a web browser window with the address bar displaying 'a/athlete-profile.php/57'. The page layout includes a top navigation bar with a 'SHARE VIA FACEBOOK' button and three dots. The main content area is divided into several sections:

- Profile Picture:** A photo of a young man sitting on a car, holding a basketball.
- Links:** 'Send Message', 'Add Rating', and 'Send Request'.
- Sport Statistics:**
 - Sport: Basketball - Mens
 - Class: 2012
 - Height: 5-10
 - Weight: 156-170
 - Primary Position: Point Guard
 - Secondary Position: Shooting Guard
 - Bench Press: N/A
 - Squat Max: N/A
 - 40-yard Dash: N/A
 - Shuttle Run: N/A
 - Vertical Jump: N/A
- Basketball - Mens Stats:** A section with the text 'Athlete has not entered any stats'.
- Academic Stats:**
 - GPA: 2.0-2.5
 - SAT Score: N/A
 - Class Rank: N/A
- Athlete Bio:** A text box containing the bio: 'I live in Lake Charles Louisiana. Im 17 years old born April 1st. I have good skills at a college who's main focus is bettering their players'.
- Comments From My Coach:** A section with the text 'Njee is an explosive athlete with good handles and a high ball'.
- Comments From Opposing Coach:** A section with the text 'NA'. This section title is circled in red.

Comprehensive Tasks and Bugs

Pending: Athlete Links from Search Page

I have not been able to test this since I cannot locate the Search Athletes link right now (as mentioned above), so I can't verify that the link to the Athlete's profile is now working instead of sending the College user back to his own My Account page. I think it is working, but I just cannot verify that right now so making a note.

Pending: Multiple States for Athlete Search

I can't verify this is working for the same reason mentioned above.

Pending: Admin Alerts When All Users Register

It looks like I am receiving alerts for Athletes and HS/AAU Coaches, but not for College users. Those are the most important ones, as they are the paying clients.

Comprehensive Tasks and Bugs

** Pending: Add Flyer to New Registration Page

After Athletes and HS/AAU Coaches register, the printable flyer should be on the next page for them to print and give to other athletes, their coaches, etc. I don't remember seeing this, so please let me know if I missed it. I sent the flyers in a previous email and can send them again if you need them, but here is the screen shot from the 10/19 list...

** This text has been added, but the flyer which should be printed has not been added as a downloadable link (or whatever else will work). I will attach these flyers to the email.

9. From Comprehensive List: Bug: Athlete Approval Process Rating and Commenting

-
-
1. From 10/15 report - Remove the LLC name.
 2. From 10/15 report - Admin panel access.
 3. From 12/23 meeting - red alerts for actions needing to be completed appears to be working fully.
 4. From 12/23 meeting - minimum length of school name input appears to be completed.

Comprehensive Tasks and Bugs

5. From 12/23 meeting - alerts to Admin for all user registrations appears to be working fully.
6. From 12/23 meeting - remove inactive members from messaging list appears to be working fully.
7. From 10/15 list - it appears system is now matching Athletes with their correct HS/AAU Coaches correctly.
8. From 10/15 list - it appears Athletes are no longer being allowed access without first being approved.
9. From 10/18 list - Event registration fields are all mandatory now.
10. From 10/18 list - College users are being directed into the site correctly when registering.
11. From 10/18 list - messaging features is now worded correctly with "a College Coach", "to a HS/AAU Coach", etc.
12. From 10/18 list - Invite an Athlete feature working correctly.
13. From 10/18 list - athlete registration is now functioning and being entered into the database correctly.
14. From 10/18 list - admin panel is accessible
15. From 10/18 list - text about CPN reviewing the applicatin has been corrected.
16. From 10/19 list - subscription options are being displayed correctly.
17. From 10/19 list - users now select the state prior to selecting the school.

Comprehensive Tasks and Bugs

18. From 10/19 list - Admin can now access site as any user type.
19. From 12/9 email - username check is working correctly.
20. From 12/9 email - Athlete's name is appearing in subject line of emails correctly
21. From 11/24 list - the zip code field in the Add Your School page is now working correctly.
22. From 11/24 list - the athlete rejection text box message has been corrected.
23. From 10/19 list Task #14 - athlete links from the Browse Athletes page is now working.
24. From 10/19 list - zip code field in Admin panel now accepts letters
25. Athlete rejection email has correct grammar and text and is working correctly.

Pending (Phase 2): Athlete Rejection Text Box

Ignore this. I am simply making a note so we don't forget this next time around.

"Thank you for taking the time to review this athlete's application. Please let us know why you are reejecting his/her application:

- a. I don't know this athlete. / This is not one of my athletes.
- b. This athlete is not talented enough to be a prospect on any level.
- c. This athlete has behavior/attitude/personal/other problems that keep him/her from being a prospect.

Comprehensive Tasks and Bugs

d. This athlete is not quite ready to be recruited. Please remind me in one year to reassess his/her abilities."

Pending (Phase 2): Invite an Athlete

This feature needs to be more prominent. Need ideas on how to get newly-registering coaches to use it. Text capability directly from site?

Pending (Phase 2): Applicant Tracking

We need an internal alert system when athletes are pending approval to make sure the coaches follow up and join to either approve or deny the application. Also, we need a clock on these decisions so that Admin knows how many days are left in the 10-day grace period to get a decision from the coach.

Pending (Phase 2): Add Regions as a Searchable Criteria

Instead of selecting one or more state(s), College users can select NE Region, or Tri-State Region, or SE Region, etc. We will have to come up with all desired regions, so this needs to wait for at least Phase 2.

Comprehensive Tasks and Bugs

New (Phase 2): Ability to Save Searches

Ability for College users to save a current search. Also, ability for them to define a region and make it a "Favorite" or something like that.

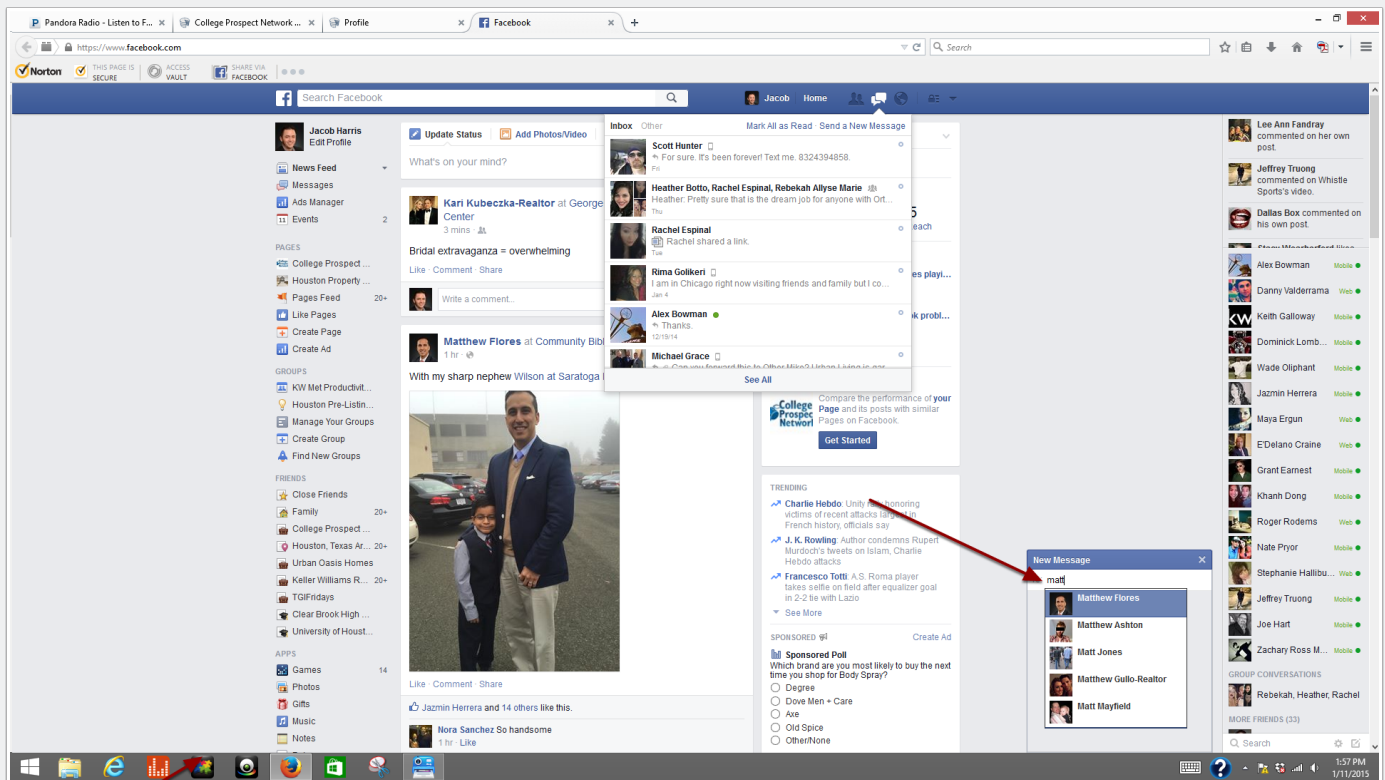

Pending (Phase 2): Admin Notified of All "Needs"

Need a system for Admin to see and manage all new and pending "Needs" entered by the College users. Purpose is to allow Admin to send scouts to look for matching players who are not currently on the site.

Comprehensive Tasks and Bugs

Pending (Phase 2): Auto-fill Recipient for Messages

For messaging, would be great to have the recipients list update in real time as the user types the letters of the names. Facebook should be considered the model for all of the messaging features, especially this one.

Pending (Phase 2): Add Division to Messaging "No Contact" Filter

I will elaborate on this for Phase 2. We still need some thought here, but it should be pretty easy to make the "rules" for messaging Division-specific.

Comprehensive Tasks and Bugs

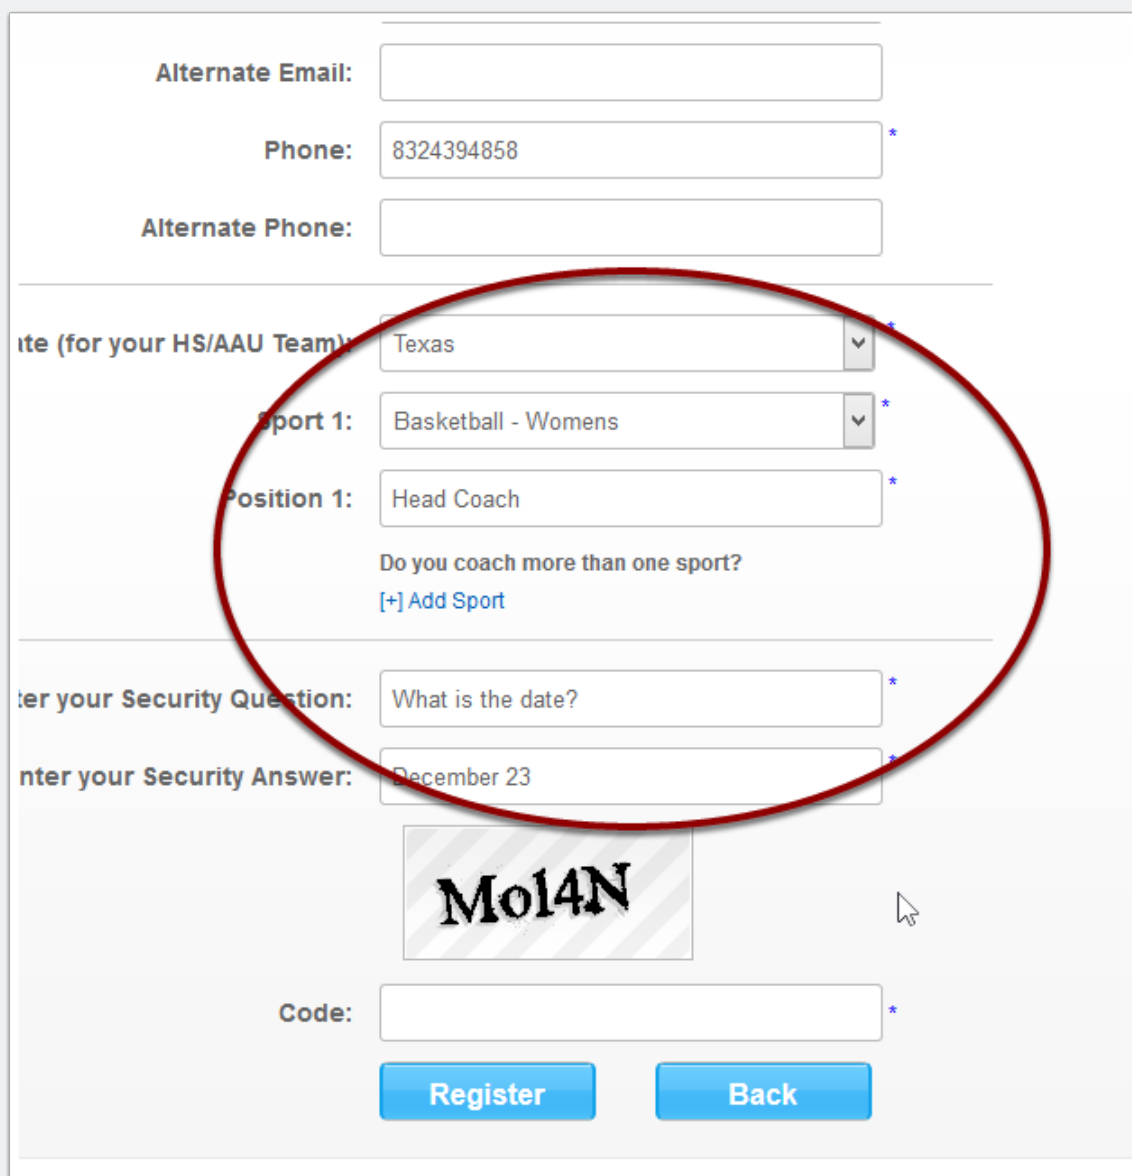

Pending (Phase 2): Format Phone Numbers

All phone numbers should be formatted one way so that eventually we can add texting features, etc. to the site.

Comprehensive Tasks and Bugs

New (Phase 2): Save School Selection

When the user enters the incorrect captcha on the registration page, all of the fields remain filled except the state and school/team selection. Please make this remain filled as well, unless there is a reason that we should not do this.

The image shows a registration form with the following fields and values:

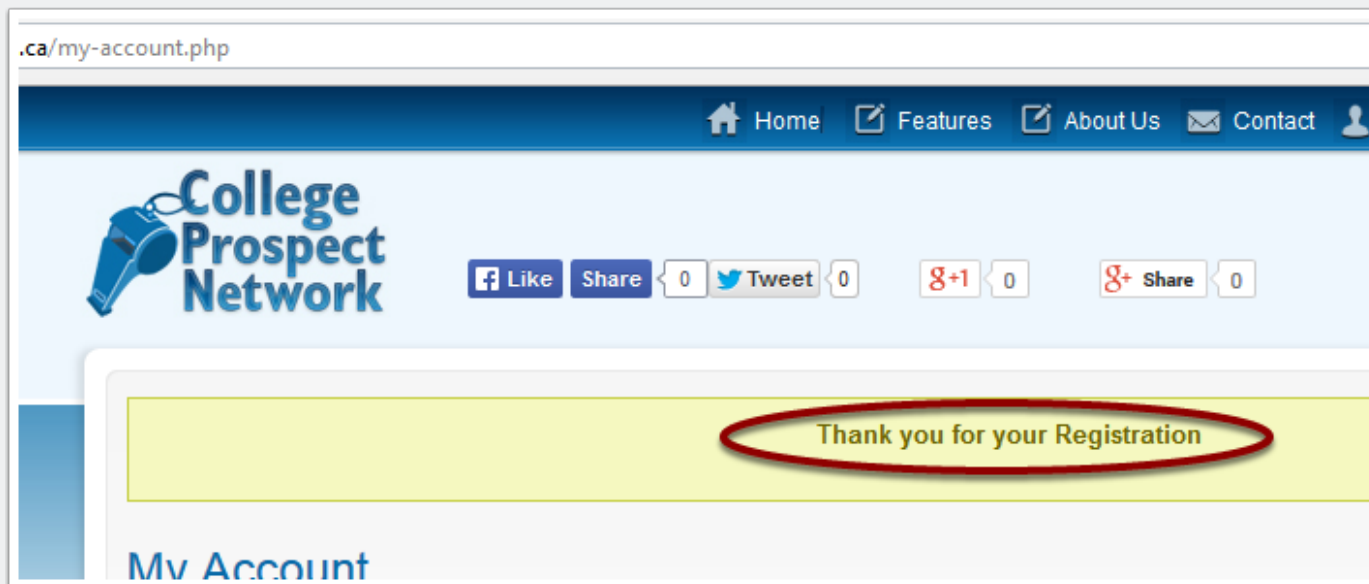

- Alternate Email:
- Phone: 8324394858 *
- Alternate Phone:
- State (for your HS/AAU Team): Texas *
- Sport 1: Basketball - Womens *
- Position 1: Head Coach *
- Do you coach more than one sport?
[\[+\] Add Sport](#)
- Enter your Security Question: What is the date? *
- Enter your Security Answer: December 23 *
- Mol4N (Captcha)
- Code: *
- [Register](#) [Back](#)

A red circle highlights the State, Sport 1, and Position 1 fields, indicating the focus of the task.

Comprehensive Tasks and Bugs

New (Phase 2): Correct Text

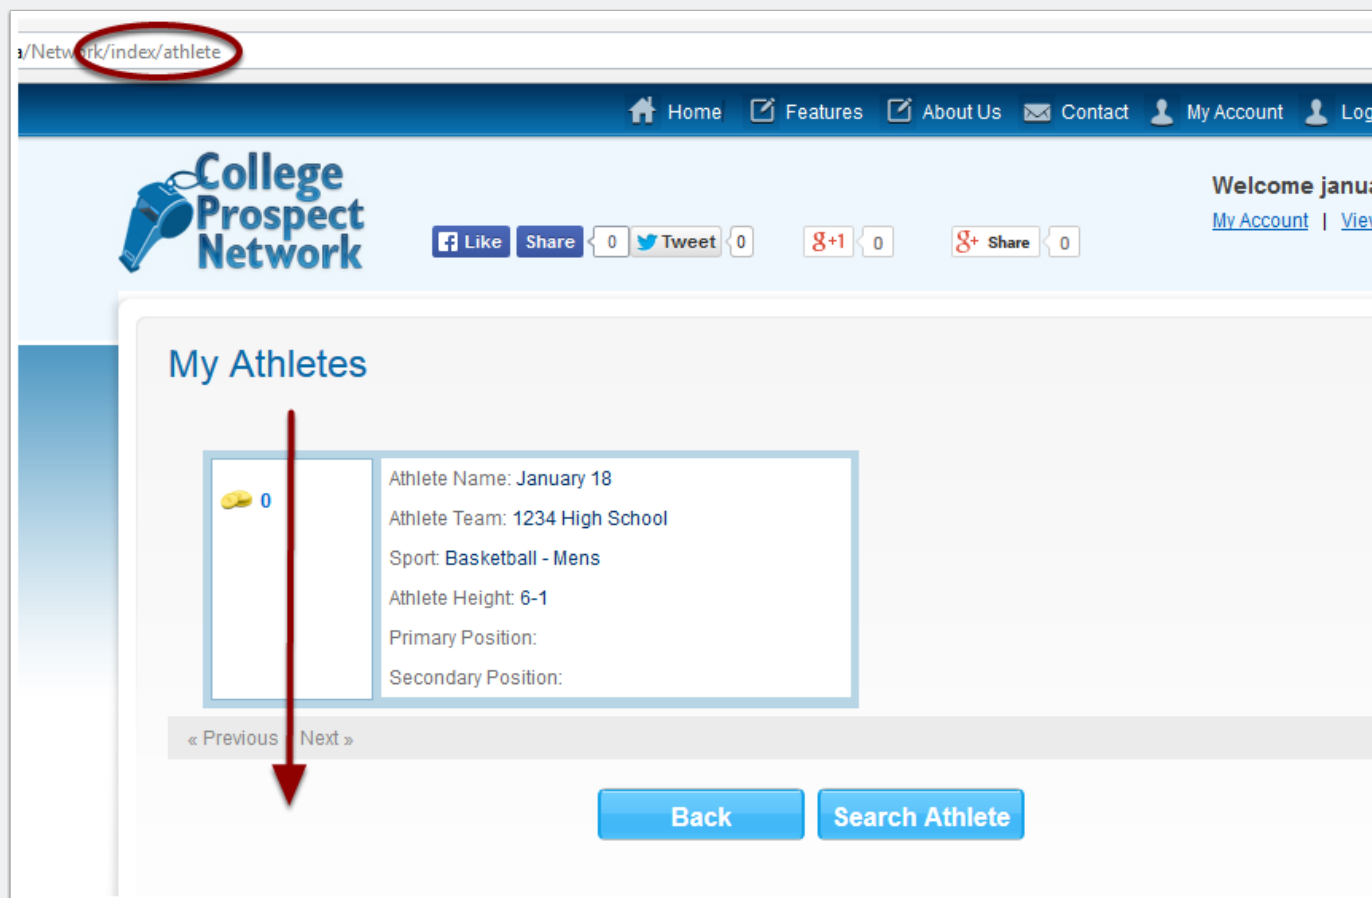

"Thank you for your registration." Change case of the "r" and add a period at the end of the sentence.

Comprehensive Tasks and Bugs

New (Phase 2): My Athletes Display

When logged in as a HS/AAU Coach, please change the My Athlete results to appear as a list similar to how they now look in the Search results. The image below is not user-friendly.

Comprehensive Tasks and Bugs

New (Phase 2): You Still Have Pending Actions

Set up a leaving page alert when users attempt to sign out and have pending actions. Maybe a textbox that says something like, "You still have pending actions. Are you sure you would like to sign out and complete these actions at a later time?"
