

2014.11.24 - Bug Report

I am attempting to catch as much as I can as the new improvements are implemented.

New: Zip Code Error

1. I am in the Athlete Registration page attempting to register a new profile.
2. I selected "Texas" as the state, and then chose to input a new school from the bottom of the menu.
3. Everything appeared to work correctly, except the Zip Code field. The field will not allow me to input any numbers and/or text.
4. Even though the field remained blank, the system still allowed me to enter the school into the database. This field should be mandatory.
5. The school that I entered is "Texas Testing High School," which you can see is now in the database.
6. Everything else seems to be good with this page. I would just like to change the first "State:" field to say "State (for your HS/AAU Team):" or something like that to clarify what we are asking for. That way the system will be able to find the correct school in cases where the player does not live in the same state as their school, which may be the case with Prep Schools and AAU teams.
7. I am having the same issue with the zip code box on the High School Registration page when I attempted to select "Texas Testing High School" as the school. So it's an issue regardless of whether the user is attempting to input a new school or select an existing one.

2014.11.24 - Bug Report

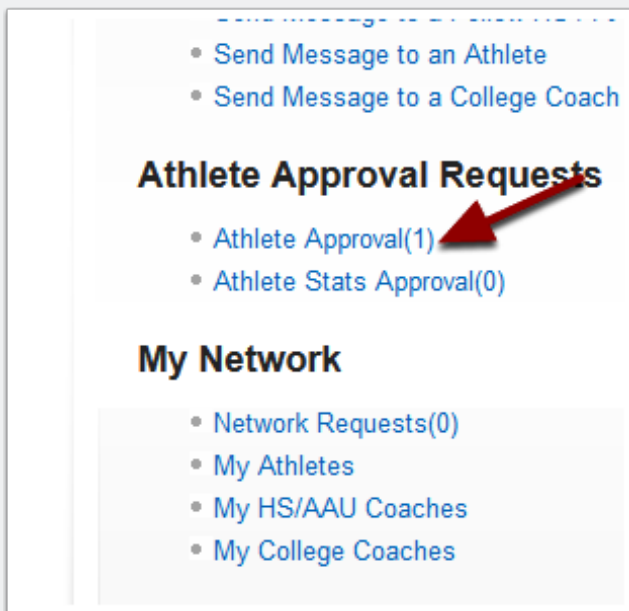

The image shows a registration form with the following fields and values:

- First Name:
- Last Name:
- Email:
- Height:
- Weight:
- State:
- High School/AAU Team:
- Address:
- City:
- State: (A red arrow points to this dropdown menu)
- Zip Code:
- Sport:
- Jersey Number:
- Graduating Class:
- Intended Major:
- Enter your Security Question:
- Enter your Security Answer:

At the bottom of the form are two buttons: "Register" and "Back".

Pending: Pending Athlete Approval Alerts

Still showing as plain, blue text. Should be red or blinking or something like that to draw attention to the user. It was red in the previous version of the site.

New: Athlete Rejection Text Box

Aside for the fact that this is poor grammar, we need a little bit more information here...

Thank you for taking the time to review this athlete's application. Please let us know why you are rejecting his/her application:

- a. This is not one of my athletes. / I don't know this athlete.
- b. This athlete is not a good enough player to be a prospect.

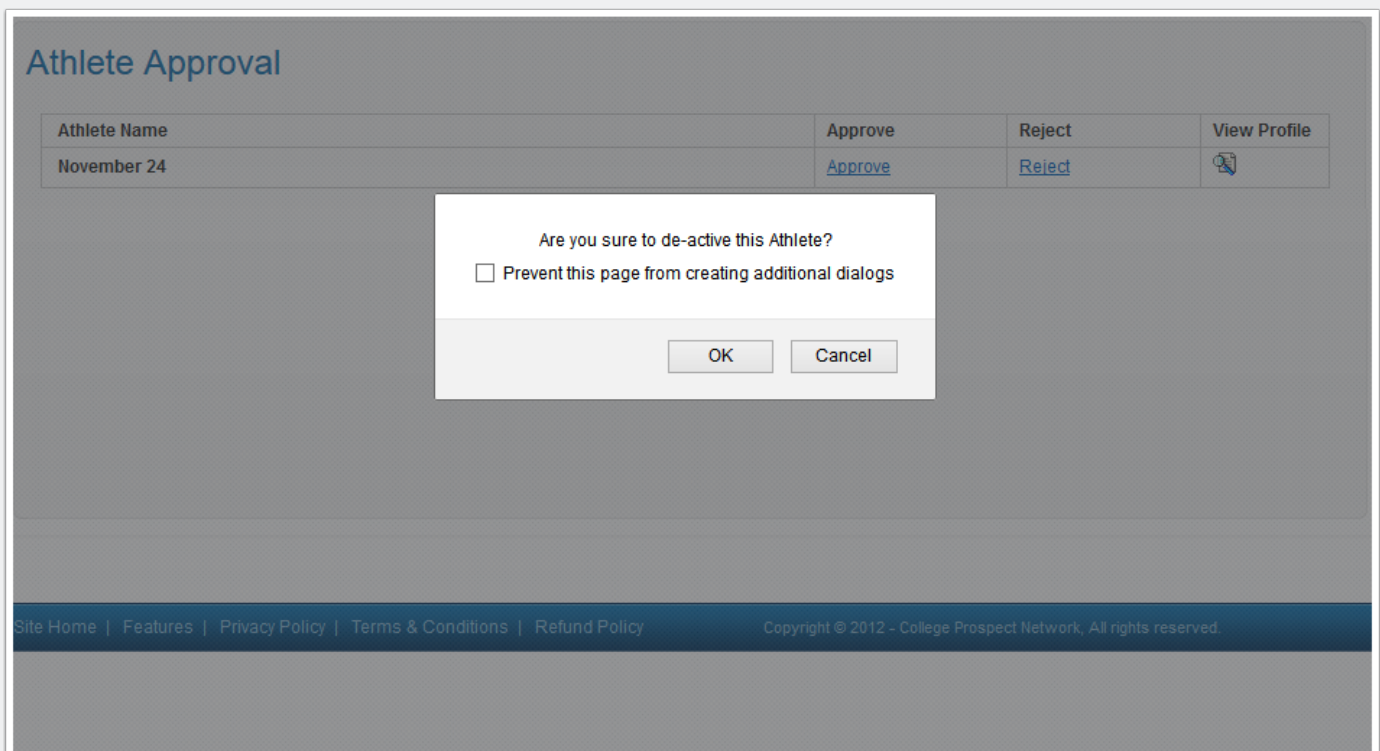

2014.11.24 - Bug Report

c. This athlete has behavior/attitude/personal/other problems that keep him/her from being a prospect.

d. This athlete is not quite ready to be recruited. Please remind me in one year to reassess his/her abilities.

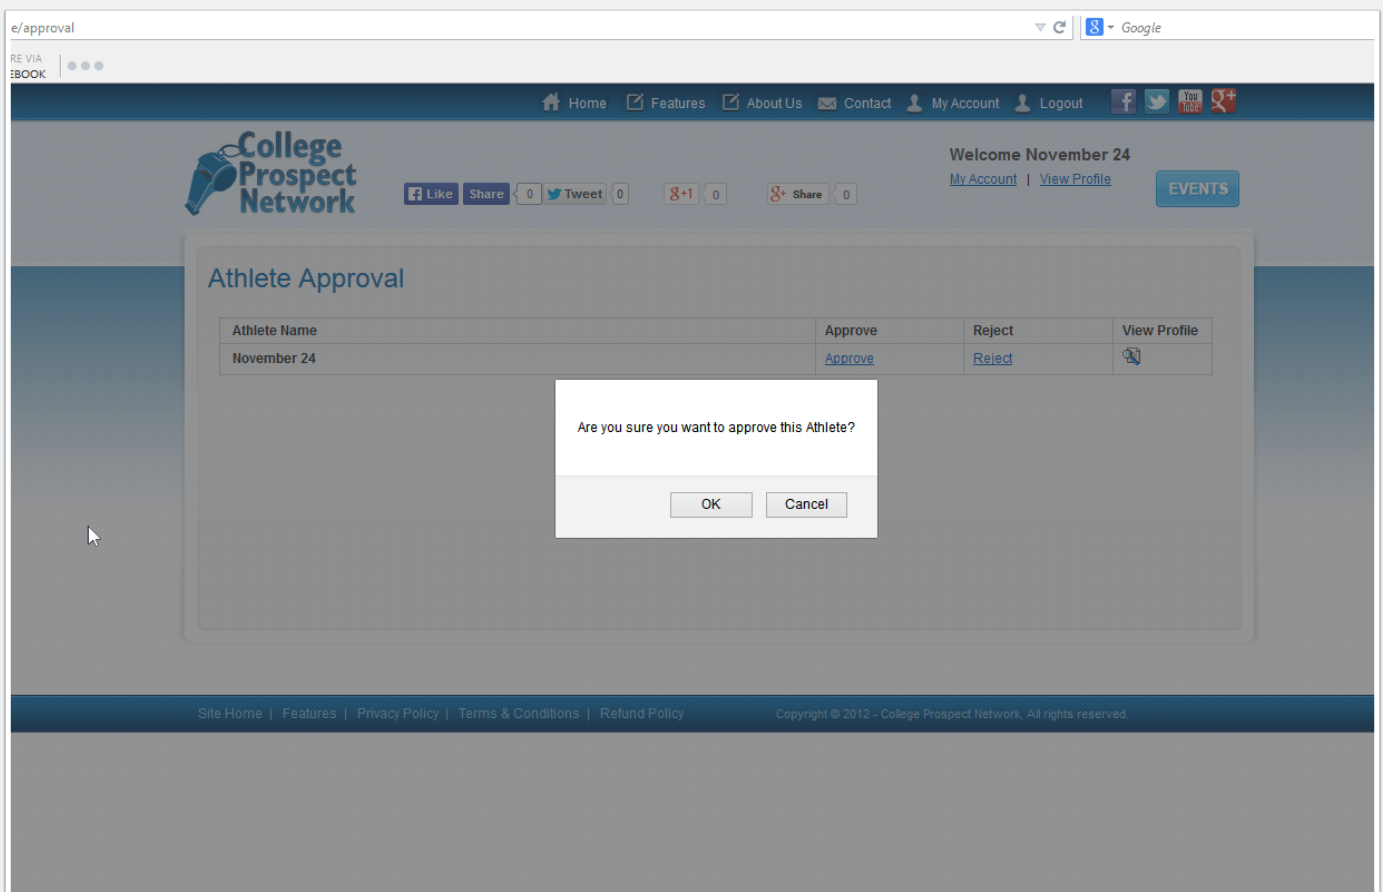

This does not have to be completed right now. It can wait for Phase 2 because this information will need to be categorized and tracked so that we can decide how to handle it. But I wanted to make a note of it now while I noticed it so that we can revisit it when the time is right.

However, for now please just correct the text to say "Are you sure you want to reject this athlete's application?" And remove the dialog checkbox.

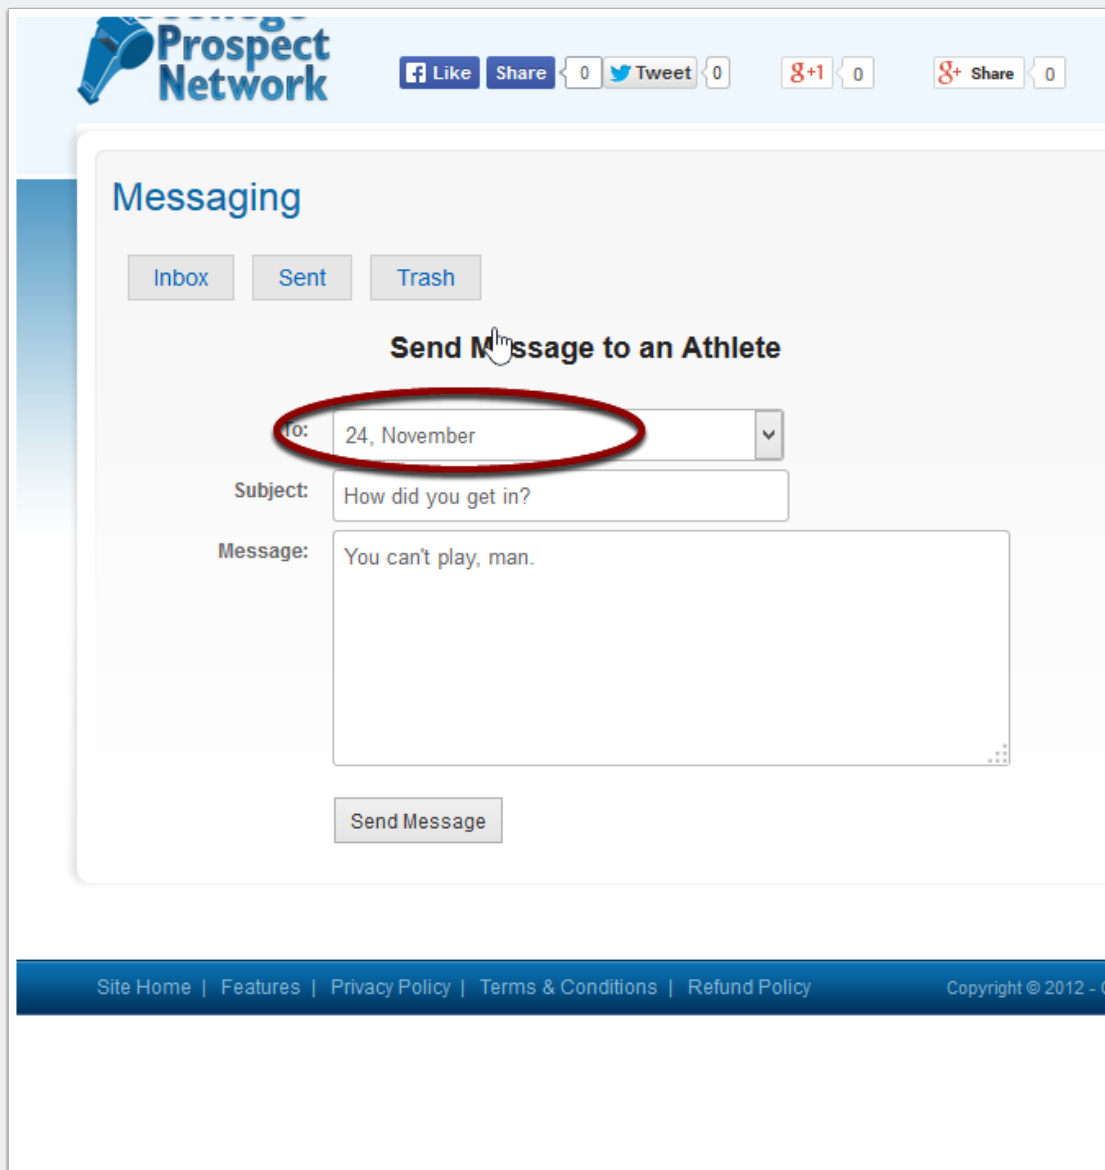

Pending: Athlete Approval Bug

This is still remaining from one of the previous lists. The approval process is more involved than simply clicking Yes. The HS/AAU Coach should approve the athlete, but also project their level of play in college and write a comment about them. Please let me know if you need this full explanation again.

Pending: Unapproved Athlete Showing in Messaging System

I am logged in as HS/AAU Coach November 24. This athlete has not been approved and should not appear here in the messaging recipient list.

The screenshot shows the Prospect Network messaging interface. At the top, there is a navigation bar with the Prospect Network logo and social media links for Facebook (Like, Share), Twitter (Tweet), and Google+ (Share). Below this is a 'Messaging' section with tabs for 'Inbox', 'Sent', and 'Trash'. The main area is titled 'Send Message to an Athlete'. It contains a form with the following fields:

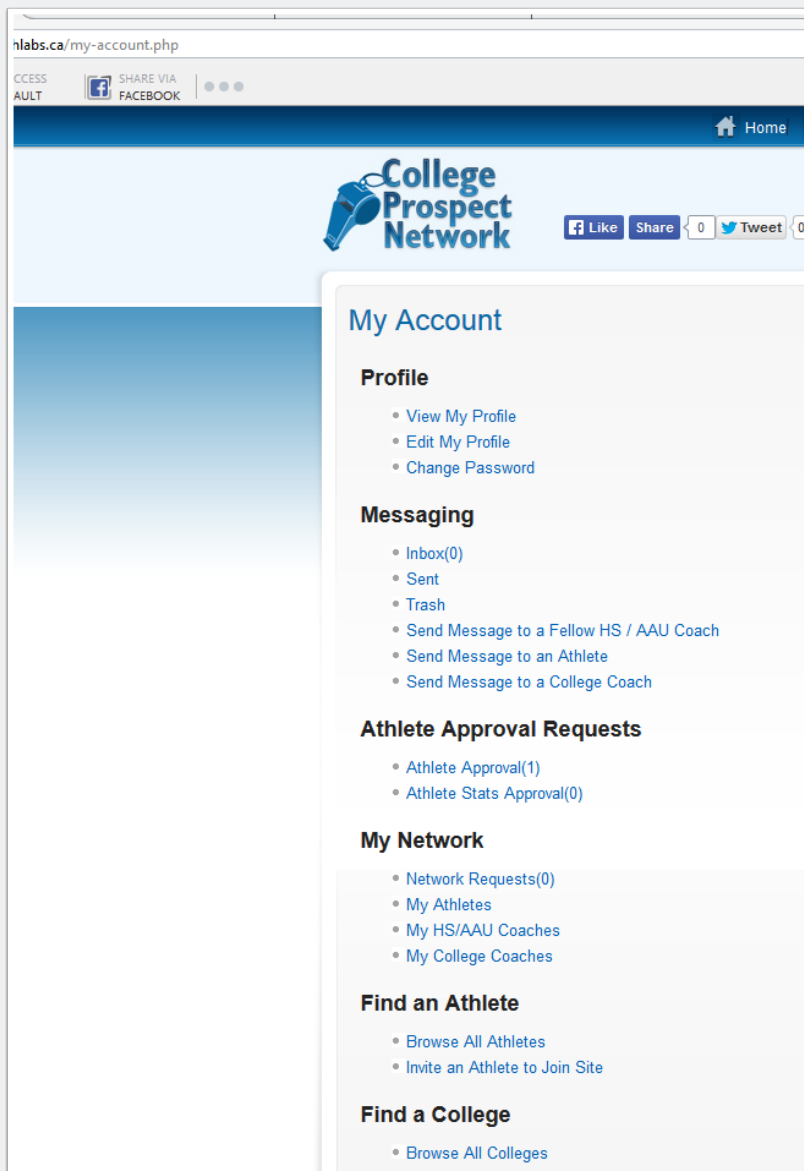

- To:** A dropdown menu showing '24, November', which is circled in red to indicate the bug.
- Subject:** A text input field containing 'How did you get in?'.
- Message:** A text area containing 'You can't play, man.'
- Send Message:** A button at the bottom of the form.

At the bottom of the page, there is a footer with links for 'Site Home', 'Features', 'Privacy Policy', 'Terms & Conditions', and 'Refund Policy', along with a copyright notice 'Copyright © 2012 - C'.

2014.11.24 - Bug Report

Pending: Invite an Athlete

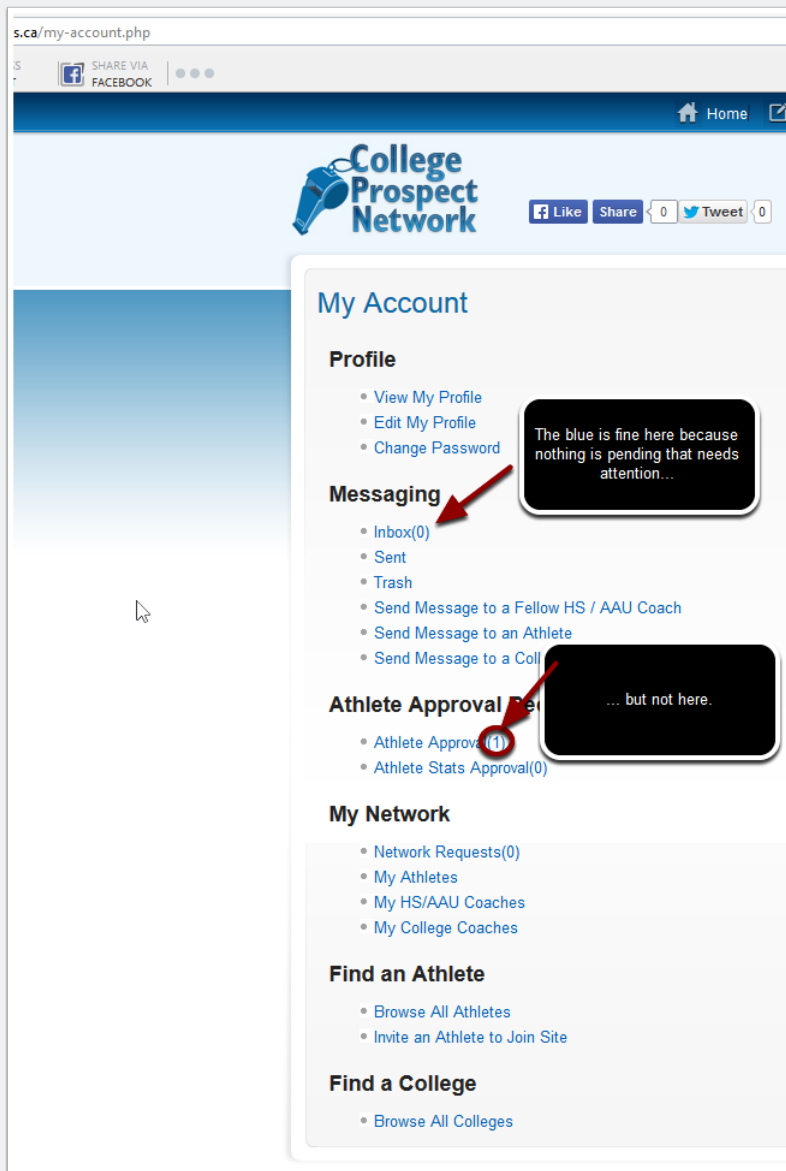

This can wait for Phase 2, but I wanted to make note of it now so I don't forget. This needs to be more prominent to make it more user-friendly.

2014.11.24 - Bug Report

Pending: Athlete Approval (Previous Bug #7)

On the old site this number was red when there was an action pending. It needs to be noticeable. I don't care if it goes to being red or what, but it definitely needs to stand out. As do all pending alerts when they need to be addressed by the user.

New: Applicant Tracking

This can wait for Phase 2, but wanted to make another note. We need an internal alert system when athletes are pending approval to make sure their coaches follow up and join to approve/deny the applicant. Also, need a clock on these decisions so that Admin knows there are 2,3 or whatever days before we have to give this athlete an answer.

New: "De-Active" Status for College Users

I will need some help with this one. From what I can tell, there is no reason to have an Active/Inactive (DeActive) distinction for College users because they do not have to apply. They only need a subscription status to determine full or limited access, correct? Please remove this as it may cause issues with a subscribing coach accidentally being de-activated.

New: College Login Going Straight to Subscription Page

What happened here? This was not happening before. We don't want this to be the case. We want them to be able to get into the site and "see what they are missing". We just don't want them to be able to see contact info for the players. For example, a college coach may have let their subscription run out, but now they need a player. They login to see if we have a 6'10 Power Forward. They search, we have four, they can't see the contact info, they renew the subscription so they can contact those kids. hilariously, I can't even log out. Every link on this page redirects back to the subscribe page.

2014.11.24 - Bug Report

The screenshot shows the 'Add New Subscription' page on the College Prospect Network website. The page is titled 'Add New Subscription' and includes sections for 'Subscription Info', 'Billing Information', and 'Payment Details'. The 'Subscription Info' section has a dropdown for 'Subscription' set to 'Select One' and a 'Sport' dropdown with a text box containing '... and it still brought me back here, which is where it brought me when I logged in.' The 'Billing Information' section contains fields for 'First Name' (NCAA), 'Last Name' (Certification Account), 'Address' (1 Street), 'City' (Houston), 'State' (Wyoming), and 'Zip Code' (00000). The 'Payment Details' section includes fields for 'Credit Card Owner', 'Card Number', 'Card Expire Date' (with month and year dropdowns), and 'CVV'. To the right, the 'Subscription Pricing' section shows three options: '\$14.99 / month', '\$158.88 / year' (Save \$21.00), and '\$359.64 / 3-years' (Save \$180.00). Annotations include a red arrow pointing to the 'SHARE FACEBOOK' button in the top navigation bar, another red arrow pointing to the 'My Account' link in the user welcome area, and a black callout box with the text 'I clicked here...' pointing to the 'My Account' link.

Subscription Info
A Single Subscription lets you gain access to all Athletes of the Sport you select below. If you require multiple sports, you must purchase a separate Subscription for each additional sport.

Subscription: Select One
Sport: ... and it still brought me back here, which is where it brought me when I logged in.

Billing Information

First Name: NCAA
Last Name: Certification Account
Address: 1 Street
City: Houston
State: Wyoming
Zip Code: 00000

Payment Details

Credit Card Owner:
Card Number:
Card Expire Date: Select Month / Select Year
CVV:

Subscription Pricing:
\$14.99 / month
or **\$158.88** / year Save \$21.00
or **\$359.64** / 3-years Save \$180.00

I clicked here...

Pending: Tier 1 - Task #1

From the previous email, I can't test whether the Event Scouting Reports feature has been added because of the aforementioned problem with the subscription page being the only accessible landing page.

Pending: Tier 1 - Task #3

Also can't test this.

Pending: Tier 1 - Task #4

Same thing.

Pending: Tier 1 - Task #6

I have not been notified of the status of the Admin access to the site, so I am assuming this is still pending.

2014.11.24 - Bug Report

Pending: Tier 1 - Task #8

Athlete Approval bug mentioned above also has this issue...
