

Comprehensive Tasks and Bugs

I printed out everything I have sent in PDFs along with three emails that we've exchanged about changes. This document should include everything that we've talked about, including today's conversation about the completed tasks...

Please let me know when the Athlete Approval issues mentioned below are resolved and I will restart the testing. I am trying to go through all of the tasks and create a final list so that we know everything is addressed and that we're not forgetting anything.

Clarification Question: Username Availability

I just checked to see if the system would allow me to use the same username for a different user type. I am using "january 10" for both the Athlete and the HS Coach that I am testing today, and it is allowing me to do that. Is that okay? That is not going to cause any issues down the line?

The screenshot shows a web browser window with the URL `ca/register-hs-coach.php`. The page is for the "College Prospect Network" and features a navigation bar with links for Home, Features, About Us, and Contact. Below the navigation bar, there are social media sharing buttons for Facebook, Twitter, and Google+. The main content area is titled "High School / AAU Coach Registration". It contains three input fields: "User Name:" with the value "january 10", "Password:" with masked characters, and "Confirm Password:" with masked characters. A red arrow points to the "User Name" field, where a message states: "* Username is available." This message indicates that the system is allowing the registration of a user with the same username as an existing user, which is the bug being reported.

Clarification Question: "De-Active" Status for College Users

Is this referring to the subscription? I need some clarification here as to whether that is the case. Adam may need to advise on the best solution to handle inactive subscriptions instead of "de-activating" a college user.

Comprehensive Tasks and Bugs

Pending: Alerts for Incomplete Actions

Though I have multiple email addresses registered with all user types, I have not received any alert emails or alerts when I log in that things in my profile need to be completed. You can see by the screen shot below that the Athlete test profile I am using most frequently has several things needing to be completed, but there are no alerts.

The screenshot displays the athlete profile for 'Dec 23 - #000' on the College Prospect Network. The profile is for a user named 'dec23test'. The profile picture is missing, indicated by a large red circle. The 'Athletic Stats' section shows various attributes, with 'Primary Position' and 'Secondary Position' marked as 'N/A', highlighted by a red circle. The 'Basketball - Womens Stats Summary' section shows 'Athlete has not entered any stats', highlighted by a red circle. The 'HS / AAU Coach Quick Glance' section shows coach information. The 'Game Film' section shows 'User has not added any videos yet', highlighted by a red circle. The 'Comments' section shows 'You have not added any comments yet', highlighted by a red circle. The 'Academic Stats' section shows GPA, ACT Score, SAT Score, Class Rank, and Intended Major. The 'Upcoming Games' section shows 'No Games Scheduled'. The 'Athlete Bio' section is empty. The 'Advertisement' section is also empty.

Dec 23 - #000 Username: dec23test

Comprehensive Tasks and Bugs

New: Error Message the Same for Unapproved and Incorrect

I received message when I attempted to log-in. This looks great for when an athlete has a pending application that has not yet been approved. So we're happy with this page.

However, the problem here is that the log-in information I entered was incorrect. The user I was attempting to use is:

User: "january 18 athlete est" / Password: "January 18"

However, I entered the following info when attempting to log-in:

User: "january 18 athlete test" / Password: "January 18"

As you can see, I misspelled the username when I created the profile so today I did not enter the username correctly. So the system should have notified that my username and/or password was incorrect, rather than showing that my application is still pending. The notification below should only appear when the username and password are both correct, but the application is still pending. If either of the inputs does not match what is in the system, then the user should not see this message. Instead it say something to the effect of "Your username and/or password is incorrect. Please check your information and log-in again." You know how those messages go on most websites.

Comprehensive Tasks and Bugs

** Pending: Add Flyer to New Registration Page

After Athletes and HS/AAU Coaches register, the printable flyer should be on the next page for them to print and give to other athletes, their coaches, etc. I don't remember seeing this, so please let me know if I missed it. I sent the flyers in a previous email and can send them again if you need them, but here is the screen shot from the 10/19 list...

** This text has been added, but the flyer which should be printed has not been added as a downloadable link (or whatever else will work). I will attach these flyers to the email.

College Prospect Network

Comprehensive Tasks and Bugs

Pending: The Download Flyers Links Are on the Wrong Page

The flyers were added to the wrong page. They should be here.

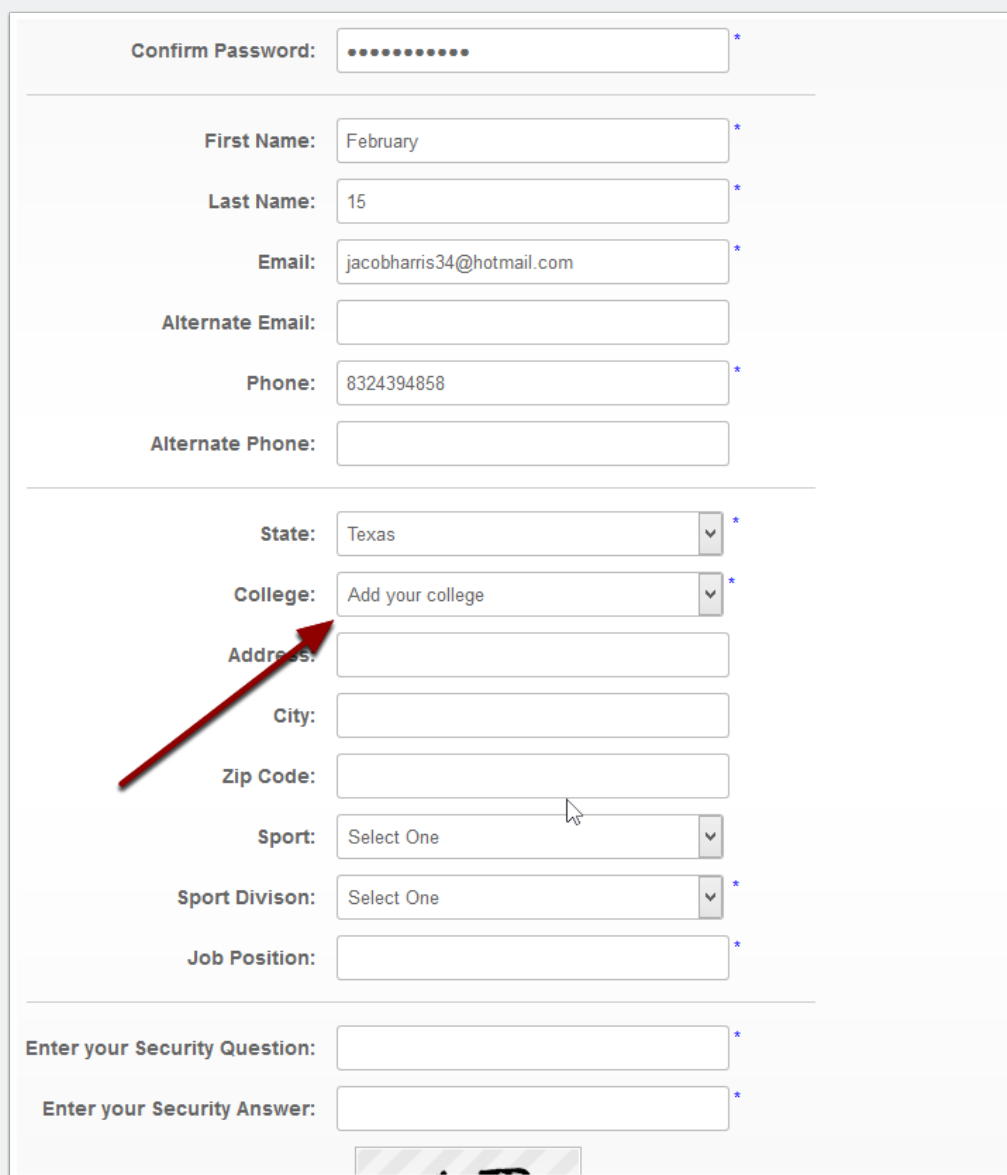

The screenshot shows a web browser window at the URL `i.ca/login.php`. The page features a blue header with navigation links: Home, Features, About Us, Contact, and Login. Social media icons for Facebook, Twitter, YouTube, and Google+ are also present. The main content area has a yellow background with a message box that reads: "Thank you for submitting your application. Your profile will be reviewed by the College Prospect Network staff and you will be notified via email whether you are approved. Please allow 10 business days for us to process your request before contacting us. Please print this page and take it to your coach. We will need him/her to answer two quick questions as part of your application process. From, College Prospect Network." A red arrow points to the text "Please print this page". Below the message box is a login form with fields for "User Name:" and "Password:", both marked with an asterisk. The "User Type:" section has three radio buttons: "Athlete" (selected), "High School / AAU Coach", and "College Coach". A "Login" button is located below the form, and a "Forgot Password?" link is to its right. At the bottom of the page, there is a footer with links: Site Home, Features, Privacy Policy, Terms & Conditions, and Refund Policy, followed by the copyright notice: "Copyright © 2012 - College Prospect Network, All rights reserved."

Comprehensive Tasks and Bugs

Pending: College User Registration Redirect

This is still happening...

"On 11/24 the successful registration was taking me straight to the subscription page instead of the My Account page. I can't test whether that is still happening because of the aforementioned registration pages issues, so I will list it as pending even though it may be fixed." It should be going to the My Account page upon a successful registration, not to the log-in page. In other words, a successful registration by a college user is also a log-in by that user.

Comprehensive Tasks and Bugs

Pending: Profile Layouts

I may need some advice on this, but my request is that the profiles for each user has a set layout that does not change regardless of whether they have filled out all information. For example, the large white space in the screen shot below does not look good. I would prefer for each text/data box to have a set size and shape and for the data inside the box to fit to the shape.

Comprehensive Tasks and Bugs

Pending: Profile Layouts Example

This may not be the best example, but hopefully it will work. On Facebook there is information that I have not filled out, but the space is still there with some placeholder text until I do complete the field.

The image shows a mockup of a Facebook profile layout. It features several sections: 'ABOUT YOU' with a bio, 'OTHER NAMES' with a placeholder '+ Add a nickname, a birth name...', and 'FAVORITE QUOTES' with a placeholder '+ Add your favorite quotations'. A red rectangular box highlights the 'OTHER NAMES' and 'FAVORITE QUOTES' sections, indicating a focus on these areas.

ABOUT YOU

All I ever wanted was to pick apart the day,
put the pieces back together my way.

OTHER NAMES

+ Add a nickname, a birth name...

FAVORITE QUOTES

+ Add your favorite quotations

Comprehensive Tasks and Bugs

**** Pending: Remove Past Graduates from Standard Search**

In the 10/19 list (Task #9) I asked that any graduated athletes be removed from the standard search results on September 1 of the same year. For example, Athletes who graduate this year should remain active in the standard search up until September 1, 2015. Then they should be grouped with Athletes who graduated in 2011, 2012, 2013, and 2014. User may have the option to select which of these classes they would like to include. Maybe they want 2014 only or maybe they want 2012 and 2014 for some reason. Any graduating classes older than 4 years back do not need to be included.

I don't know how this should work, but the older classes definitely need to be managed and the standard should no longer include them on September 1.

Adam, please advise.

Comprehensive Tasks and Bugs

The screenshot shows the 'Athlete Search' form on the College Prospect Network website. The form is divided into several sections: Basic Details, Athletic Stats, Athletic Points and Intangible Ratings, Academic Stats, Stats Category, and Location. Red annotations highlight specific areas: a red box around the 'Grading Class' dropdown menu with a red arrow pointing to it labeled '1'; a red box around the 'Division' dropdown menu with a red arrow pointing to it labeled '2'; and a red box around the 'Include Post Graduating Classes' checkbox with a red arrow pointing to it labeled '3'. The form also includes various input fields for physical attributes like 40-yard Dash, Shuttle Run, Vertical Jump, Bench Press, and Squat Max, as well as academic fields like GPA, SAT Score, ACT Score, Class Rank, and Intended Major. The website's header includes the College Prospect Network logo, navigation links, and social media icons. The footer shows the Windows taskbar with various application icons and the system clock indicating 9:57 PM on 1/8/2015.

Comprehensive Tasks and Bugs

** Pending: Scouting Reports

I see that you have added these reports, but we will need to talk about the formatting and the best/easiest to integrate these reports and manage the information. We may need Adam for that though.

** I see that this is being worked on currently. Looks like we're off to the right start, as long as I can name the files, rather than just saying "Download".

The screenshot displays a web interface with the following elements:

- Event Scouting Report**: A section header above a list of reports.
 - January 5, 2015 - Clear Brook @ Friendswood Game Report
 - December 30, 2014 - New Year's Bash Tourney Report
 - December 1, 2014 - Battle for the Gulf Combine Report
 - ...
 - ...
- Your Subscription**: A section header above a message.
 - You currently have limited access to Athletes & HS/AAU Coaches. please [Purchase a Subscription](#) to gain full access.
 - Type:** Monthly Subscription
 - Status:** 1
 - Valid Until:** 2014-11-18 00:06:02
- Account Details**: A section header above the text **Last Amount Paid:** \$14.99 USD.

Comprehensive Tasks and Bugs

** Pending: Question 1.B.

If your question was about the results table, this is very close to what I had in mind. However, there are a few minor things.

3. What is the Stars category? I am not sure exactly where this data is coming from. Was this created by the previous developer?

4. How is this data being organized? I can't see any discernable rhyme or reason to the order of results. Maybe in order of when they registered for the site? I think they should be organized by the "Stars" category, but that should come from the rating we and the coaches give the kid.

5. Multiple sports should not appear here. It should only be the sport for which the College user performing the search has a subscription.

	Search	Back					
4	Name	Location	Height	Weight	5 Sport	3 Stars	2 School
	Nilee Armstrong	Lake Charles, New Jersey	5-10	156-170	Basketball - Mens	★★★★★	Lake Charles Heat AAU - Lake Charles
	Demo Athlete	Friendswood, New Jersey	6-2	186-200	Football	★★★★★	Clear Brook HS - Friendswood
	Lily Thomas	Homestead, Florida	5-10	156-170	Basketball - Womens	★★★★★	South Dade Senior HS - Homestead
	Mikela Tucker	Houston, Texas	6-2	156-170	Basketball - Womens	★★★★★	Emery Weiner School
	Domaneeek Brown-Hurd	Atlantic City, New Jersey	6-0	216-230	Football	★★★★★	Atlantic City HS - Atlantic City
	Kendall Wright	Lake Charles, Louisiana	5-8	156-170	Basketball - Mens	★★★★★	Lake Charles Heat AAU - Lake Charles
	Jarren McBryde	Atlantic City, New Jersey	6-0	186-200	Football	★★★★★	Atlantic City HS - Atlantic City
	Chris Nelson	Lakeland, Florida	6-3	246-260	Football	★★★★★	Victory Christian - Lakeland
	Bryan Rice	Lakeland, Florida	6-0	156-170	Football	★★★★★	Victory Christian - Lakeland
	Anthony Tubbs	Lakeland, Florida	5-8	Over260	Football	★★★★★	Victory Christian - Lakeland

Comprehensive Tasks and Bugs

**** Pending: Multiple Coaches**

I can't really think of a possible screen shot that would apply here, but basically the player can play for two or three completely different teams. All of the coaches who match those teams and sports should be tied to the athlete without the athlete having to create a new profile for each. For example, last year Leon Gilmore attended Manvel HS, played local tournaments with Houston Clippers, and played national tournaments with Houston Hoops. If he was on our site that would mean Coach Greg Devers (Manvel), Coach Jason Pillow (Clippers), Coach David Bosley (Clippers) and Coach Charlie Hurd (Hoops) would all be his coaches at the same time. However, only one of them would have needed to approve him for the site. So say Coach Pillow signs up for the Houston Clippers and approves Leon. Then a few weeks later Coach Devers joins and the system sees that he matches Leon's sport (Basketball - Men's) and high school (Manvel) then he should be given the option to add himself to Leon's profile.

** I don't see that this has been added on the athlete side nor the coach side. Please advise if I am missing it.

** Pending: Stats Query

I am having trouble finding something that matches what I have in mind, but the old version of the site worked pretty well. Basically all of the stats that we have as fields for

Comprehensive Tasks and Bugs

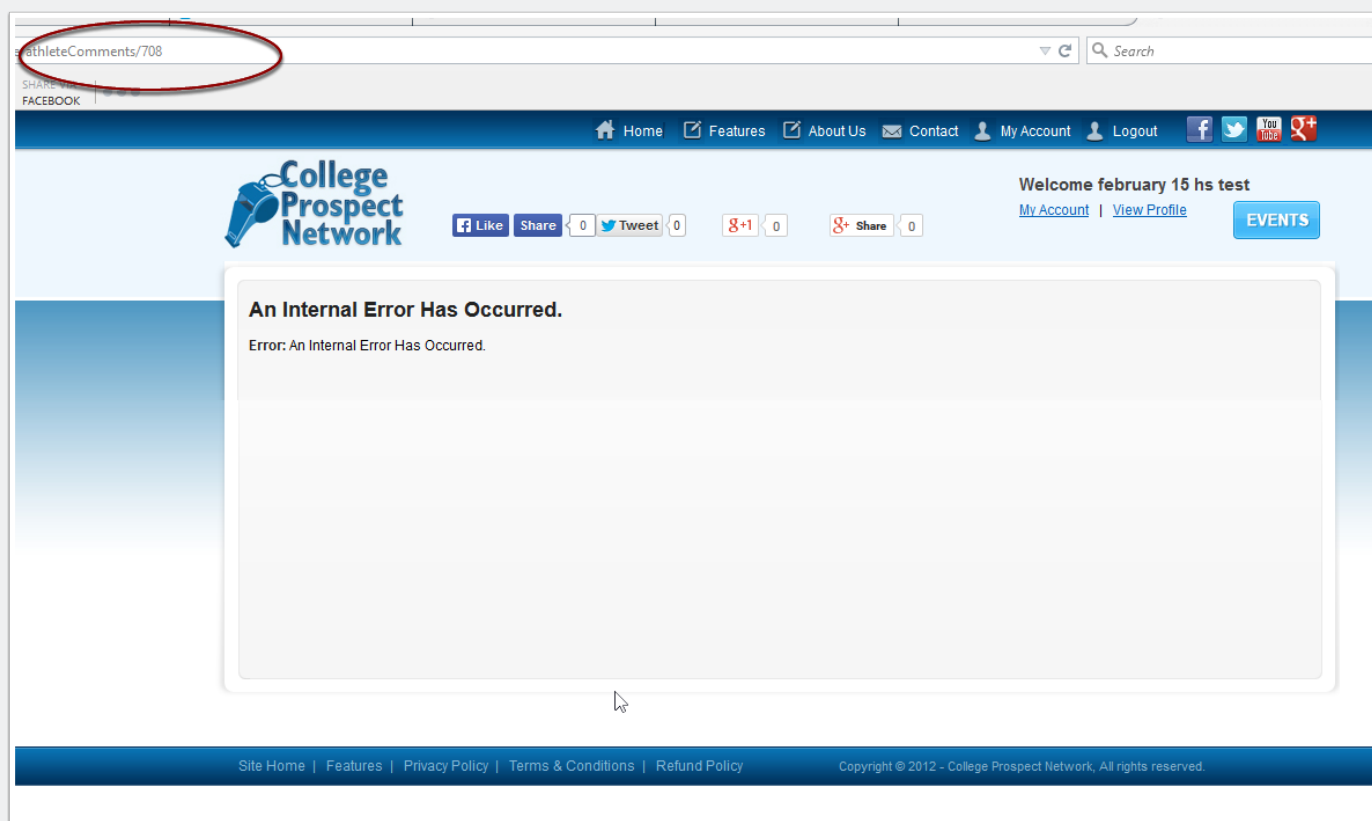

the players and/or coaches to input after a game/event is completed - ie. points, rebounds, steals for basketball and passing yards, tackles, interceptions, etc. for football - should be searchable. In order for them to be searchable, everything has to be calculated. Then the College Coach user can search by minimum points per game, rebounds per game, and all other potential categories. It would be similar to the advanced search on AdventureLink that you mentioned.

** I am not still not seeing an option to search for athletes, so I cannot get to the proper page to test this feature.

Comprehensive Tasks and Bugs

** Pending: Error After Athlete Approval

I am logged in as HS/AAU Coach "february 15 hs test" and I attempted to approve athlete "february 16 athlete test". After I projected the athlete as a Division II player and wrote a comment I submitted that data and was directed to this error page.

Comprehensive Tasks and Bugs

Pending: Invite an Athlete Email

The grammar was corrected in the email, but the link leads to the Growth Lab dev site for CPN, so please make sure this is corrected so that it will go to the correct page once the site is live.

Pending: Manage Wingspan (and All Measureables)

Where is it in the Admin panel that we can manage the data that can be selected as Wingspan, Height, etc. Or is that something the developer has to do?

These are the things that I have checked off and am considering resolved/completed:

1. From Comprehensive List: New: State Selection Duplicated
2. From Comprehensive List: Bug: Add School Not Working
3. From Comprehensive List: Bug: This is just an image to add clarification to the previous bug.
4. From Comprehensive List: Bug: School Selection not Available
5. From Comprehensive List: Bug: Unable to Assign School/Team to Player
6. From Comprehensive List: Bug: Can't Log-in

16. From previous final list - Placement of "Other Athletes You May Like" Results
17. From previous final list - ** Waiting on Search Page: You May Also Like Feature Explanation
18. From previous final list - ** Pending: Welcome/Approval Email

Pending (Phase 2): Athlete Rejection Text Box

Ignore this. I am simply making a note so we don't forget this next time around.

"Thank you for taking the time to review this athlete's application. Please let us know why you are reejecting his/her application:

- a. I don't know this athlete. / This is not one of my athletes.
- b. This athlete is not talented enough to be a prospect on any level.
- c. This athlete has behavior/attitude/personal/other problems that keep him/her from being a prospect.
- d. This athlete is not quite ready to be recruited. Please remind me in one year to reassess his/her abilities."

Comprehensive Tasks and Bugs

Pending (Phase 2): Invite an Athlete

This feature needs to be more prominent. Need ideas on how to get newly-registering coaches to use it. Text capability directly from site?

Pending (Phase 2): Applicant Tracking

We need an internal alert system when athletes are pending approval to make sure the coaches follow up and join to either approve or deny the application. Also, we need a clock on these decisions so that Admin knows how many days are left in the 10-day grace period to get a decision from the coach.

Pending (Phase 2): Add Regions as a Searchable Criteria

Instead of selecting one or more state(s), College users can select NE Region, or Tri-State Region, or SE Region, etc. We will have to come up with all desired regions, so this needs to wait for at least Phase 2.

New (Phase 2): Ability to Save Searches

Ability for College users to save a current search. Also, ability for them to define a region and make it a "Favorite" or something like that.

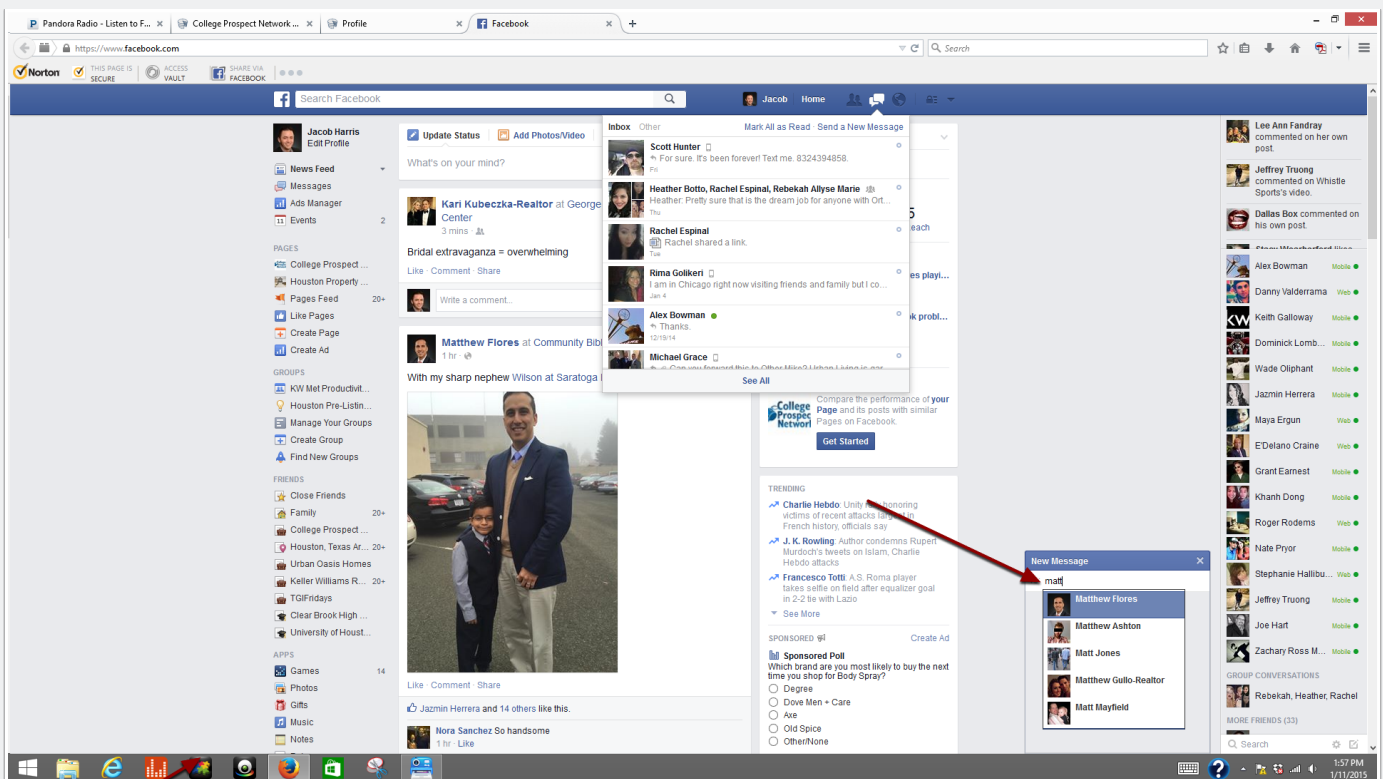

Comprehensive Tasks and Bugs

Pending (Phase 2): Admin Notified of All "Needs"

Need a system for Admin to see and manage all new and pending "Needs" entered by the College users. Purpose is to allow Admin to send scouts to look for matching players who are not currently on the site.

Pending (Phase 2): Auto-fill Recipient for Messages

For messaging, would be great to have the recipients list update in real time as the user types the letters of the names. Facebook should be considered the model for all of the messaging features, especially this one.

Comprehensive Tasks and Bugs

Pending (Phase 2): Add Division to Messaging "No Contact" Filter

I will elaborate on this for Phase 2. We still need some thought here, but it should be pretty easy to make the "rules" for messaging Division-specific.

Pending (Phase 2): Format Phone Numbers

All phone numbers should be formatted one way so that eventually we can add texting features, etc. to the site.

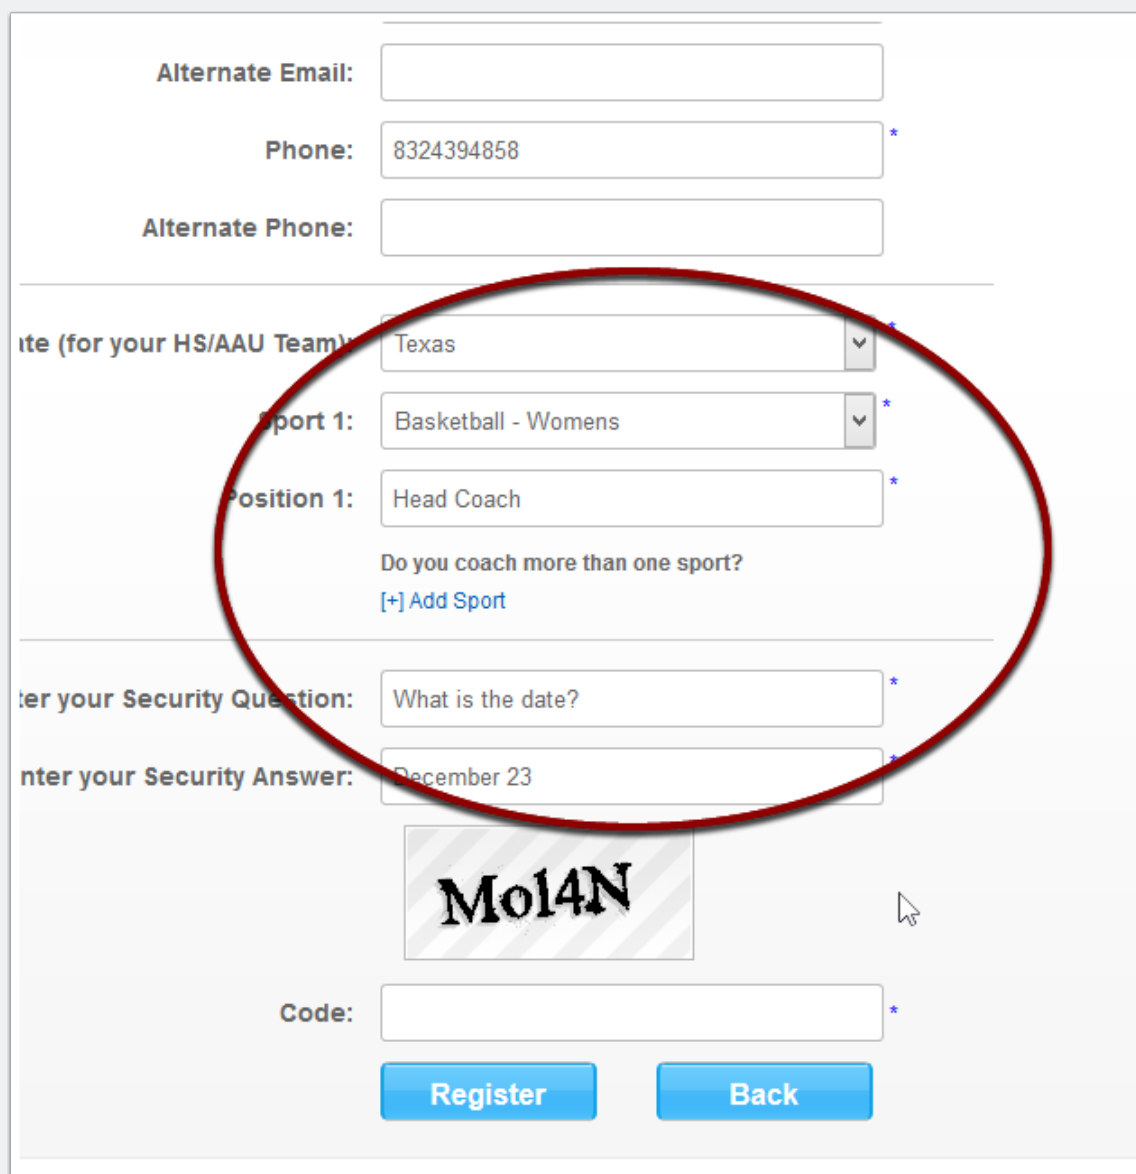

Pending (Phase 2): Share Stats, Videos to Other Sites

Can we all agree that this can wait for Phase 2 of development, as it is not a bug and not a priority at this time?

Comprehensive Tasks and Bugs

New (Phase 2): Save School Selection

When the user enters the incorrect captcha on the registration page, all of the fields remain filled except the state and school/team selection. Please make this remain filled as well, unless there is a reason that we should not do this.

Alternate Email:

Phone: *

Alternate Phone:

State (for your HS/AAU Team): *

Sport 1: *

Position 1: *

Do you coach more than one sport?
[\[+\] Add Sport](#)

Enter your Security Answer: *

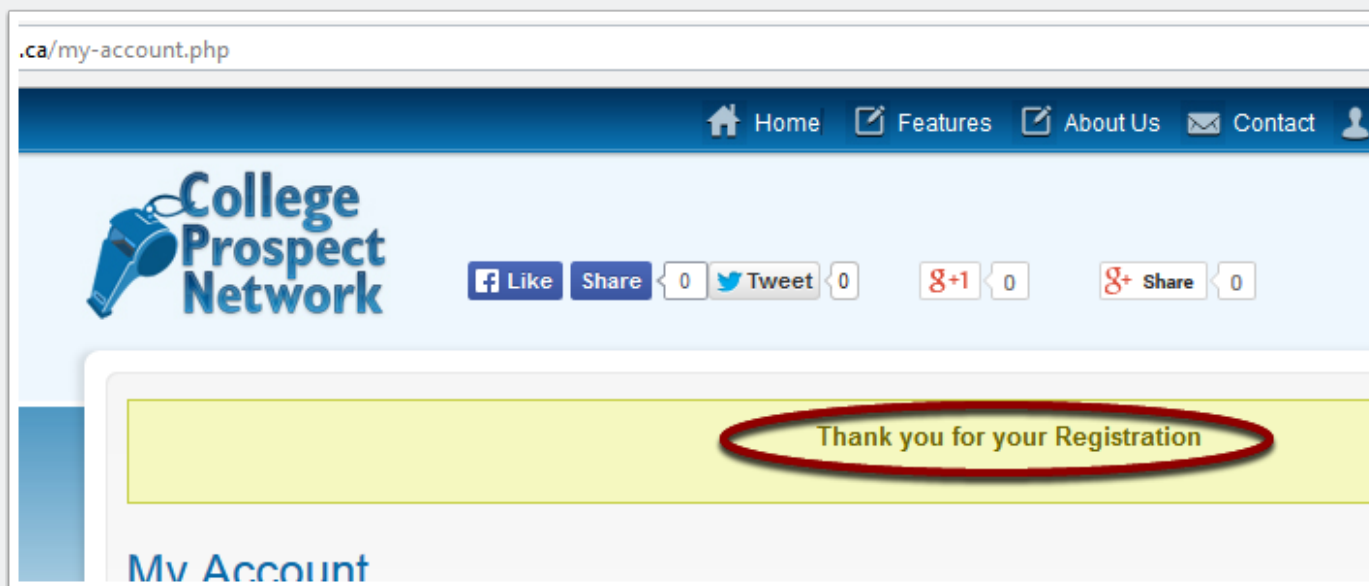

Code: *

Comprehensive Tasks and Bugs

New (Phase 2): Correct Text

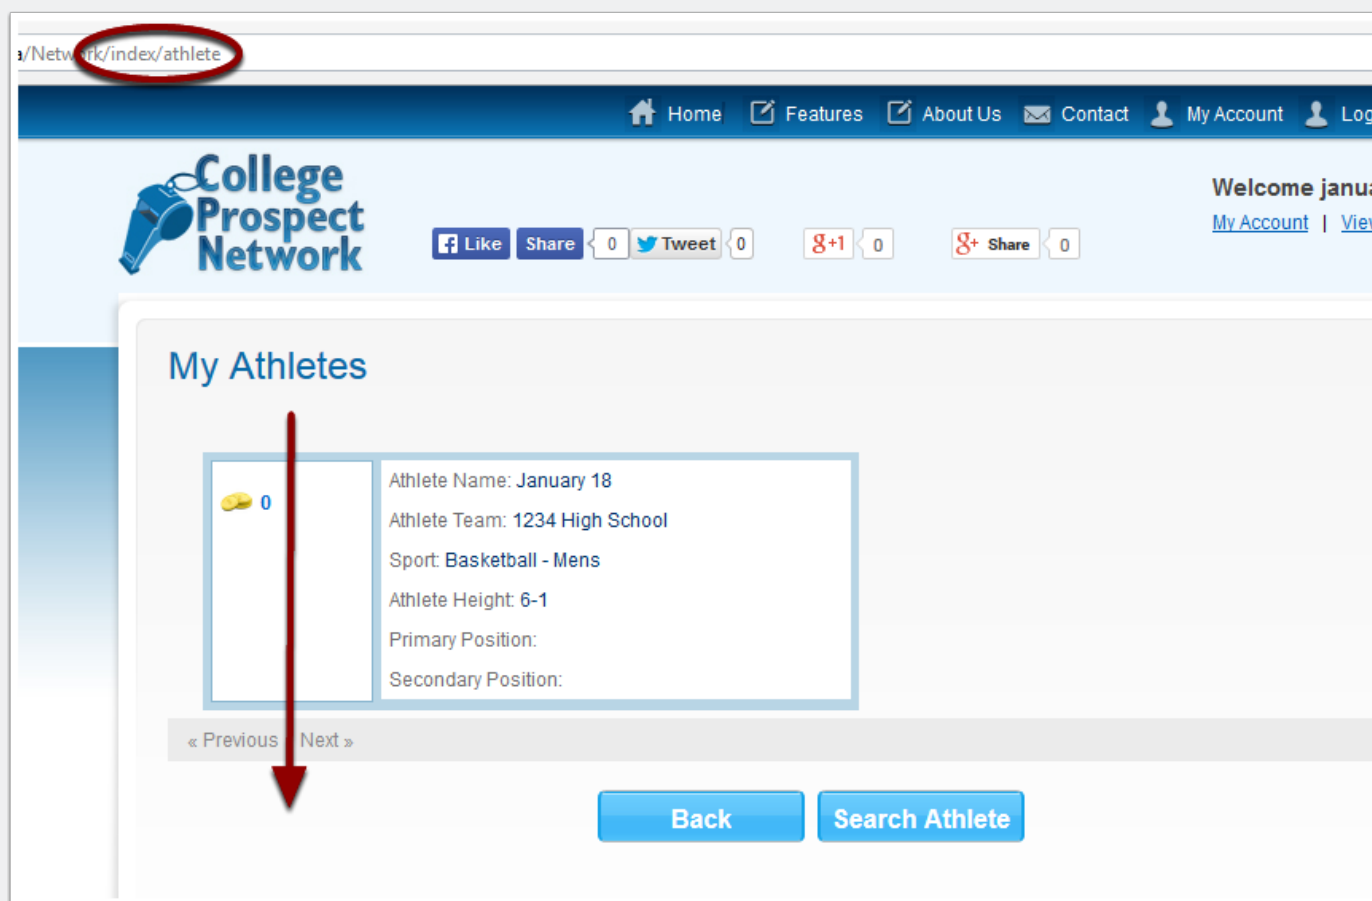

"Thank you for your registration." Change case of the "r" and add a period at the end of the sentence.

Comprehensive Tasks and Bugs

New (Phase 2): My Athletes Display

When logged in as a HS/AAU Coach, please change the My Athlete results to appear as a list similar to how they now look in the Search results. The image below is not user-friendly.

Comprehensive Tasks and Bugs

New (Phase 2): You Still Have Pending Actions

Set up a leaving page alert when users attempt to sign out and have pending actions. Maybe a textbox that says something like, "You still have pending actions. Are you sure you would like to sign out and complete these actions at a later time?"

New (Phase 2): Fit Multiple Teams in Athlete Search Results

Can we do something like shrink the text in this box so that multiple schools/teams will fit when needed? They should be displayed in separate rows so the text will need to large enough to be read, but small enough to fit the name of the school/team in one line.

New (Phase 2): Auto Populate Info for Invited Athletes

When an athlete is invited by their coach, the email address, hs/aau team and sport should all be auto-populated to avoid mistakes and ensure proper users are matched up.

Comprehensive Tasks and Bugs

New (Phase 2): Sport in Athlete Search Explanation

Pop-up or other item to notify user that only one sport is available because they are only subscribed to one sport. To add a subscription, please visit the Manage Subscription page text page to promote users registering for multiple sports.
